FLOODS DRIVE HUNDREDS FROM HOMES

Flames Threaten 18 Homes

Area North of City Blackened

Flames swept over more than a square-mile area north of the Municipal airport yesterday afternoon, threatening 18 homes, before farmers and school boys brought the fire under control.

The flames at times roared nine feet high as they reached briar patches and clumps of dry grass and weeds.

Deputy Sheriff Norman M. Smaltz said a 15-year-old boy admitted he started the fire accidentally and then was unable to extinguish it.

Deputy Sheriff Smaltz said the fire broke out shortly before 2 p. m., and raged until about 5 p. m., when it was finally subdued by four men and 10 school children.

Their fire-fighting weapons consisted of mops, brooms and shovels, Smaltz said. The area lies east of State Route 13, north of Timmerman road and south of Five Points East road.

Houses endangered included those on State Route 13 and on Timmerman road, as well as farm houses on the Timmerman road where it swings north.

WOODS ENDANGERED

A wooded section about one-fourth mile square in the eastern side of the area was endangered by the flames, Smaltz said.

A number of fence posts were burned and pasture land was destroyed, Smaltz said.

Men to fight the fire were recruited by Franklin township trustees. The township does not have a fire department of its own, nor does it have a contract with the city of Mansfield to provide fire fighting help. No call was made to Mansfield for aid, firemen at Central station said.

Scores of rabbits were seen scampering as the flames consumed the grass, witnesses said.

Thieves Get Cash, Liquor

Thieves fled with $275 in cash and 12 cases of whisky after burglarizing Maxwell's Place, 535 Bowman street, today.

Oran Duffey, an employe, discovered the robbery when he reported to work at 7 a. m. The front door of the tavern was sprung open with a bar and the drawers inside the establishment were ransacked.

A hidden cash box containing $275, mostly in small bills, was stolen and 12 cases of whisky were taken from the back bar. The inside of the tavern was not torn up, Duffey said.

A German automatic pistol also was reported taken in the burglary.

Police began an immediate investigation of the burglary which was the 13th reported this month in the city.

'Sally' Trial Ending Today

WASHINGTON —(INS)— The "Axis Sally" treason trail goes to the jury today with every prospect of a verdict before nightfall.

"Sally" — 48-year-old Mildred E. Gillars — faces a death sentence or a long prison term if found guilty of the governments charge that she betrayed her country by broadcasting nazi propaganda during the war.

Justice Edward M. Curran was scheduled to deliver a two-hour charge to the jurors, after which the seven men and five women were to begin their deliberations.

Wins 'Suicide Job' As City Manager

YONKERS, N. Y. —(U.P.)—The city council elected its eighth city manager in six years last night and sent him word that the job was political suicide.

The council elected Don C. Wagner, city manager of Portsmouth, O., by a vote of 4-3. The dissenting members declined to take a second vote to make the election unanimous but said they would pledge their cooperation.

GAMBLING UNDER FIRE

IRONTON —(INS) — Reports of "wide-spread gambling" in Lawrence county resulted today in the recall of the county grand jury.

Military Experts Claim Reds Can't Hit U. S. By Sea, Air

(Compiled From Wire Services)

Top American military strategists are convinced that Russia does not have what it takes to attack continental United States by air or sea, it was learned today.

In fact, a high military authority said, Russia is not considered capable at the present time of carrying out anywhere in the world "large-scale amphibious operations comparable to those of the Allies during World War II."

Consequently, U. S. military leaders are basing their strategical plans on the premise that if Russia moves militarily, she will do so on land. This could include attacks or military expansion in western Europe, Scandinavia, the Middle East and the Far East.

This estimate of Russia's military limitations has led the joint chiefs of staff to decide against setting up now in continental United States a unified command or commands like those in outside areas.

However, Gen. Dwight D. Eisenhower may review this decision during his temporary duty as chairman of the joint chiefs of staff and chief military adviser to the President.

Meanwhile, the government officially disclosed today that Russia has curtailed her shipments of strategic chrome and manganese to the United States by 70 per cent.

The commerce department revealed that Soviet export of these precious ores dropped that amount in January below last year's peak month of August.

The figures provide the first official indication that Russia has decided to reduce her chrome and manganese shipments to the U. S., apparently in retaliation for the virtual ban on United States exports to the Soviet bloc.

Department Of Justice Under Fire

Senator Demands Probe of Laxity

Compiled from Wire Dispatches)

WASHINGTON — Sen. Homer Ferguson, R., Mich., urged today that Congress investigate the Justice department's failure to transfer Judith Coplon from her confidential work even after it had been advised of her connections.

Ferguson said a Senate Judiciary subcommittee on immigration and the House un-American Activities committee told the department last year about Miss Coplon's alleged link with Soviet agents. But, he said, the department did nothing about it.

Miss Coplon, an analyst in the department's internal security section, was arrested in New York Friday night with a Russian engineer attached to the United Nations staff. The pair were charged with conspiracy to steal U. S. government secrets. When she was arrested Miss Coplon was found to have typewritten summaries of confidential information in her purse.

Elsewhere in Congress:

PACT — Senate approval appeared assured today for the projected North Atlantic Security treaty.

LABOR — Rep. Kelley (D) Pa., predicted that a Taft-Hartley repeal bill will be ready for House action by April 1.

SPIES — The chairman of the Senate Judiciary committee declared today that Congress must act to bar espionage agents from entering the United States through the United Nations.

2 Russians Promoted

MOSCOW — (AP) — Two more high level Soviet leaders were promoted today.

The latest shifts in the cabinet of Prime Minister Stalin saw A. I. Efremov relieved as minister of the machine tool industry and upped to vice chairman of the council of ministers, the Soviet cabinet.

A. I. Kostousov succeeded to Efremov's ministry.

The moves came only a few days after V. M. Molotov, Stalin's closest associate, was relieved of the foreign ministry and replaced by former Deputy Foreign Minister Andrei Y. Vishinsky.

Chrysler Plant Lays Off 14,500

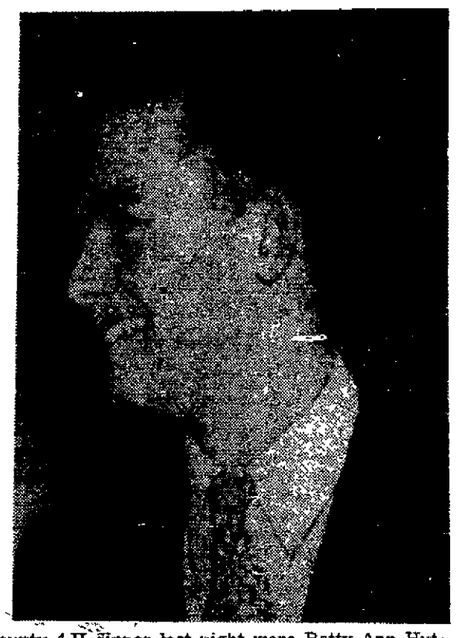
DETROIT — (UP) — An additional 14,500 Chrysler corporation workers were laid off today, bringing to 23,200 the number idled by a shortage of body frames.

A Chrysler spokesman said delivery of the frames from the Midland Steel company, strike-bound Monday, was "lagging."

Child Starts Fire; 8 Persons Homeless

COLUMBUS (INS) — The Franklin county Red Cross today housed a family of eight whose farm home burned to the ground yesterday in a fire which raged fully because of lack of water.

Mr. and Mrs. Joseph Climer said one of their six children pulled a flaming piece of newspaper from a coal stove in the living room.



HONORED AT 4-H DINNER—Honored at the county 4-H dinner last night were Betty Ann Hutchinson, 17, of near Plymouth (left), named to go to the National Founders camp at Camp Miniwanca, Mich., and Duane Will, 19, of near Shelby, who received a $25 U. S. Savings bond as second place winner in a state dairy production contest.

Bill Cuts Police Hours

Measure Would Up City's Costs $20,000

The Ohio House Committee on Organization of Government today set a hearing for next Tuesday for opponents of a bill that would put Mansfield and all other Ohio policemen on a 40-hour week except in emergencies.

Mansfield's 41 policemen now work a 48-hour week, and, according to City Auditor Paul L. Kelley, the proposed bill would require the hiring of about seven more policemen. The additional cost would be about $20,000 annually, Kelly said.

Police Chief Jesse J. Schwab said if he had a sufficient number of policemen now he could better determine if a 40-hour week would make his force more effective.

Rep. Ralph L. Humphrey, R., Ashtabula, co-author of the bill, told the committee he does not believe additional state financial aid should be given cities to meet the additional cost of their police department if the measure becomes law.

"This would be a responsibility that the local communities should meet," he said. "It is a matter for each city to tackle tax-wise."

Tired of Haggling, Gives Company Away

TOKYO —(AP)— Tired of haggling with his employes, Tsunejiro Hiratsuka, manufacturer of cork materials, today turned the company over to his 30 workers.

"I give you the company—manage it as you please," the Hokkaido manufacturer said.

Recognized For Their Work

4-H Club Members Honored at Dinner

Advisers of Richland county's 4-H clubs were honored last night at a dinner in recognition of their efforts during the past year.

The party in the First Methodist church was sponsored by the Richland County Agricultural society.

At least three 4-H members got special recognition for their outstanding work.

Miss Betty Ann Hutchinson, 17, of Plymouth, R. D. 1, will be one of two club members representing Ohio next summer at the National Founders' camp at Camp Miniwanca, Mich.

Duane Will, 19, of Shelby, R. D. 1, received a $25 saving bond last night as second-place winner in a state food production contest sponsored by a large food firm.

William Wolford of Mansfield, R. D. 2, has been chosen to attend the 4-H camp in Washington, D. C., in June, one of four delegates from the state.

Receiving another award was Mrs. Olive Walker for her 32 years of 4-H club leadership. The award was made on the basis of her having the longest tenure of service as a 4-H adviser in the state.

The award was made by Miss Mabel Spray, county home demonstration agent, on behalf of W. H. Palmer, state 4-H leader.

STEWART SPEAKS

Main speaker was David K. Stewart, retired Cleveland banker, who spoke on the "Head, Heart and Funnybone." Gilmore Hiett served as toastmaster.

Mary Lou Osbun, 4-H member, paid tribute to the work of the advisers. Two Mansfield Senior High school singing groups—Charlotte Boyd's trio and Patricia Jackson's trio, provided entertainment.

Equipment was given to members for the Tag Day to be held Saturday throughout the county to obtain funds for the Richland Rural Life Center.

Of the advisors honored, Max McFarland has 10 years of service, Mrs. H. J. Sir Louis, nine; Mrs. Simon Seif and Mrs. Earl Hill, eight; Mrs. Harry Spriesterbach, Mrs. J. J. Swisher, and Mrs. Harold Tingley, seven; Richard Gramly, Miss Beatrice Boals, Mrs. Roscoe Hutchinson and Ralph Hulit, six years.

See Romance For Bill Odom

NEW YORK — (INS) — Romance—not records—was the main concern today of Capt. William Odom, America's "flyingest" man who yesterday set a world's mark in a non-stop, solo, 5,000-miles flight from Hawaii to Teterboro, N. J.

Odom, who landed his tiny Beechcraft monoplane yesterday after a perilous 36-hour journey, was mobbed by 1,000 persons who gave him a hero's welcome.

But Cap'n Bill's light-of-love—honey-blonde Evelyn Thompson—barely saw him. The attractive Evelyn, 24, modestly told newsmen "The story isn't me, or us—it's Bill"—and thereupon left the airport without the customary "romantic clinch."

Quake Rocks California Coastline

Temblor Inflicts Minor Damages

HOLLISTER, CALIF. — (UP) — A sharp earthquake that shook 200 miles of the California coastline early today caused some damage here by breaking plate glass windows and turning over piled canned goods in grocery stores.

No one was injured in the quake although police said "considerable minor" damage was reported. Hollister, which is 95 miles south of San Francisco is located atop the "San Andrea fault," which has been responsible for previous earthquakes.

The quake struck in two distinct shocks, rocking buildings from San Francisco to Monterey. Thousands of persons were awakened but no damage was reported immediately.

The shock in Santa Cruz was described as "very heavy." It rattled buildings and banged windows. Palo Alto police said the temblors were accompanied by a "rumbling noise."

Buildings swayed violently in San Francisco. One family reported the shock broke waterpipes in their basement.

San Jose police said the quake was "strong" and woke up all the prisoners in the city hall. Police and newspapers throughout the area were swamped with telephone calls.

The tremblors were felt as far east as Stockton, 80 miles inland.

Downtown streets here were crowded with curious residents after the shocks as citizens came from remoter sections to see whether there was any damage. There was no panic, however.

Two 'Spies' Sentenced

BUDAPEST — (INS) — A Roman Catholic priest today was sentenced to a year in prison and the director of Hungary's Catholic action was given eight months in the last two trials connected with the Cardinal Mindszenty case.

A People's Court of the communist-led Hungarian government sentenced the Rev. Janos Fabian, formerly in charge of Cardinal Mindszenty's records, to a year.

Father Fabian was accused of having buried the Roman Catholic primate's secret documents in a metal container in the cellar of the Cardinal's palace at Esztergom.

Msgr. Miklos Beresztoczy, director of Catholic action, was sentenced to eight months imprisonment for having knowledge of the alleged treasonable activities of another Catholic leader, Msgr. Mihailowitsch, and making no report to the police.

Pleads Innocent In 'Divorce Mill'

COLUMBUS — (INS) — William L. Wever, prominent Zanesville attorney indicted in an alleged Franklin county "divorce mill" case, was free on $1000 bond today after pleading innocent to perjury charges.

Weber, under a 14-count indictment, was one of seven Muskingum county persons cited by the grand jury for participating in illegal divorce procedures. He was removed Monday by Federal Judge Mell G. Underwood as U. S. commissioner at Zanesville.

Six King-Sized Headaches!

Baby Elephants Play Havoc With 'Ark'

NEW YORK — (UP) — A 24-year-old brunet, who played nursemaid to 133 wild animals aboard a flying Noah's Ark, said today six baby elephants which wouldn't keep their noses out of other people's business gave the most trouble.

Genevieve "Jungle Jenny" Cuprys, of Yonkers, N. Y., who became a wild animal trapper in Singapore three years ago, said the pachyderms began to make trouble the moment they were led aboard the four-engine zoo plane at Bangkok, Siam, a week ago. They were unloaded at Idlewild airport last night to be delivered to zoos and circuses.

By turning the plane's cabin light off and on, they annoyed the 23-foot python which slept in a basket, Miss Cuprys said.

When they pulled down the plane's inner roof, they excited the 116 caged Java monkeys almost to the point of hysteria.

With their trumpeting, they kept awake the four laughing gibbons and two snarling tigers.

And by stomping their feet they enraged the four leopards.

But the worst thing they did was when they arrived — they didn't want to leave the comfortable cabin where they were tied to ring bolts in the plane's floor.

After six hours of trying to get the elephants off, Miss Cuprys solved the problem with a penny. She put the coin in a peanut vending machine, and the six 700-pound beasts lumbered down the ramps sniffing at the peanut aroma.

City Gets Postal Confab

The Ohio state branch of the National League of District Postmasters of the United States has chosen Mansfield as the site for its 1949 convention, John G. Routzon, secretary-manager of the Mansfield Chamber of Commerce, said today.

Two hundred postmasters from smaller post offices in the state are expected to attend the convention at the Mansfield-Leland hotel, June 17 and 18, Routzon said.

Leo M. Keller, the organization's state vice president, wrote Routzon, asking for his assistance in making arrangements.

Routzon said he expects Keller to come to Mansfield the end of next week to make the final arrangements for the convention.

The postmasters' convention is the only large convention scheduled to be held in Mansfield this year, according to Routzon.

N. Y. Will Try Killers

'Lonely Hearts' Pair Face Chair

GRAND RAPIDS, Mich. — (INS) — A New York prosecutor today shuttled between New York and Michigan with the final papers that will put two "lonely hearts" murderers in the shadow of the death chair.

They require Governor Thomas E. Dewey's signature and pledge that if New York fails to convict, the prisoners will be returned to Michigan for trial.

Assistant District Attorney Philip Huntington of Nassau county, N. Y., acted as courier, and expected, within the next 48 hours, to take into custody Raymond Fernandez, the "mail order Romeo" and Mrs. Martha Beck, his confessed accomplice in three slayings.

The slayers of two widows and a small child heard Michigan Governor G. Mennen Williams agree yesterday to yield their custody.

Mrs. Beck, sobbing "I'm afraid of the electric chair," has threatened to resist extradition, preferring to stand trial in Michigan where her deeds can bring only life imprisonment.

Fernandez, however, has declared "I deserve to die".

Snow Due Back With Mercury Drop

Mansfielders awoke to a dreary, rainy March day today with a promise from the weatherman that a drop in the mercury tonight will bring snow flurries.

There was one consolation, however. Tomorrow, the forecasters said, is the last day of "climatic weather."

According to records at the U.S. Weather Bureau, Friday is the real beginning of spring, despite the calendar where spring is listed as beginning March 21.

Red Cross Appeals For Aid

Snow Hinders Relief Work

(Compiled From Wire Services)

Flood waters left hundreds homeless in four states today.

A new flood threat developed in Montana and rising waters plagued many areas of Nebraska, still reeling after a winter-long bout with weather's elements.

Surging waters from swollen streams spilled over thousands of acres of land in Nebraska, Iowa, Montana and Louisiana. But colder weather in many parts of the midwest checked some of the overflow.

Minor floods were caused north of Sidney, Mont., after ice 30 to 40 inches deep blocked the Yellowstone river and sent water over its banks.

DISASTER AREA

The Red Cross declared Beatrice, Nebraska, and the surrounding countryside a major disaster area today as the Big Blue river rose relentlessly, driving hundreds from their homes.

The flood forced 125 families to higher ground here and another 100 families were in distress at Crete, 25 miles upstream. The water receded slightly at Seward, upstream from here, but 40 families still were homeless.

Local Red Cross officials appealed to the main disaster headquarters at St. Louis for help. Officials no longer were able to measure the river's rise. The gauge was unreachable as water swept over the bridge where it was located.

A big dike protecting the west side of the city was still holding after being reinforced by bulldozers but water lapped within six inches of the top.

Cold weather swept down over the flood zone, greatly increasing the suffering among thousands of refugees.

Thermometers registered 12 below zero at Pembin, N. D., and some sections expected the mercury to fall to -20. The cold was felt south to the Texas panhandle and temperatures were below freezing as far south as southern Michigan, northern Illinois, southern Iowa, western Kansas and southern Colorado.

The snow at Beatrice hampered relief work. Some sections of the city could be reached only by boat. Many families who fled hung their clothing and furniture from the rafters in hopes the water would not reach them.

Fund Total Now $9,966

An additional $3,244 was reported by Red Cross campaign headquarters today in the current drive to raise $48,835 in Mansfield and Richland county.

This brings the total amount raised to $9,966.

Four more precincts went over their quotas yesterday. They are Precinct A of the Fourth ward, Mrs. A. L. Lancaster, chairman; Park avenue west road, Mrs. Ethel Channell, chairman; Precinct A of the First ward, Mrs. C. H. Guy, chairman, and Precinct H of the Sixth ward, Miss Clara Yeager, chairman.

Those added to the 100 per cent list today are Mehl's Service Station, Hostess China Shop, Universal CIT Credit corporation, Weikert, Inc., Cox Insurance company, Reese Optical company, Rebecca Grubaugh school, Mansfield Senior high school office, Mansfield Senior high school cafeteria.

Harry S. Black company, Carlton F. Miller company, J. H. Gongwer's office, National Masonic Provident association, Gerstenfeld's Furs, Merle Norman Cosmetics, Outlet Furs company, King Insurance agency, Beach and McClellan, attorneys; Dr. M. C. Oakes' office.

Mitchum Gets Title

Fat Is Not a Nice Word When Applied to the Body

Don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulgy person in 100 has some glandular disturbance and that is truly a case for a physician. Never take any treatment for a gland condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "Battle of the Bulges" common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry, either. Furthermore, it just doesn't make sense to go on a strenuous diet—take off weight and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period. Within the last year or so, several diet and vitamin "plans" have appeared on the market, which means cut down on the food intake and fortify with vitamins for hunger distress. But as mentioned above, you can't keep this up very long and when you quit—back comes the fat.

An exhaustive survey recently made among Ohio druggists showed one outstanding reducing aid is not based on the diet and vitamin "plan." It allows you to eat plenty. You eat all you want but you eat LESS. Sounds like double talk, but it isn't. It definitely stops you from eating more than necessary for the energy you spend. At the same time, it dehydrates and eliminates.

Over a quarter million bottles of this preparation, called Rennel Concentrate have been sold in Ohio in the past 1½ years.

You can get a four-ounce bottle of Rennel from any Ohio druggist. Mix with 12 ounces of canned grapefruit juice and take just two tablespoonsful twice a day.

If the very first bottle doesn't show you the simple, easy way to lose that ugly fat, the makers agree to refund your money. —Adv

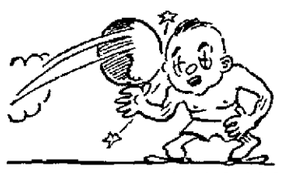
Gold Medal Tourney Field Sliced to 10

Cuff Stuff

By Fred Tharp

(News-Journal Sports Editor)

THIRTY YEARS has wrought a big change in the game of basketball. . . . We've heard many guys tell about the differences between the present and old modes of play. . . . These fellows have been following the game for all the years. . . . But last Saturday at the sectional tournament finals at Senior high we talked to a man who hadn't



seen a game since he left high school in 1912. . . . He kept getting back to the idea how 'clean' the game was these days. . . . Of course, the Mansfield-Bucyrus game wasn't as devoid from rough stuff as many we've seen. . . . At times, in fact, it got pretty rugged. . . . Here's the gist of what the fellow had to say, "Girls' basketball used to be rougher than the game is now. And when the fellows played they used to wipe the blood off the floor." . . . The gentleman has long been a follower of baseball, golf and football, but admits he'll be a basketball fan from now on. . . . He says the game is much faster and more scientific.

★

THE BUCYRUS Telegraph-Forum carried the yarn that the Mansfield Tygers hit 90 per cent of their shots in the first half to humble the Bucyrus Redmen. . . . Now the Stuffer is sure that the Tygers and their coach, Vern Hoffman, would be happy to hit nine out of 10 anytime. . . . However, they had to be content with 16 of 26 in the first half for a 61.5 mark. . . . Of course, the latter figure is about twice as good as good so nobody's kicking. . . . If the Bengals had hit 90 per cent they would have led at the half, 56.8 to 10. . . . Actually the count was 42 to 10.

★

THE CLEVELAND Browns main claim to fame is that they are one of the best, possibly the best, teams in pro football. . . . But the Browns' basketball team is also winning nearly all of its games. . . . The battle next Wednesday between the Browns and Mansfield all-stars shapes up as a honey. . . . Only comparative score is with the Ashland Myers Pumps. . . . The Pumpers knocked off the Browns 55 to 32, and the all-stars 72 to 66. . . . It was one of the first games for the Browns and the club has improved. . . . So the Friendly House benefit contest should be an interesting thing.

Insurance 5 Ousts Lucas Vets, 37-28

The Gold Medal basketball tournament roster was narrowed to ten teams last night as three City A league combines and the Shelby Gumps won games at John Simpson junior high gym.

Urschel Insurance eliminated the Lucas Vets in the No. 1 game of the night by a 37-28 score. In other games Komito's Clothes ousted Plymouth White Front, 51-35, Richland Beverage trimmed Mansfield Tire 1, 47-35, and Gumps walloped the Shiloh American Legion, 54-28.

THREE TONIGHT

Two more second round games and one quarter-final match is on tap for tonight at Simpson. Martin Hardware will meet Mansfield Tire at 7 p. m., Frankie Mitsch's takes on the Butler Boosters at 8 and Penn Auto-Sporting Goods clashes with Bellville Athletic club in a quarter-final tilt at 9.

Three other quarter-final contests will be played tomorrow.

As a whole last night's games were not too closely contested as all the winners led from the second quarter on. Lucas Vets headed Urschel Insurance, 6-2, at the quarter but fell behind 20-12 at the half, and were never able to pick up.

TWENTY IN THIRD

A twenty point second quarter won for Komito's as it trailed 11-9 at the quarter but pulled to the front, 29-17 at the mid-way points.

Richland Beverage led all the way but was pressed well into the third quarter by Mansfield Tire. Beverage led at the periods, 13-9, 22-18, and 35-25.

Leading scorer of the night was Ed Vanderbilt of Shelby Gumps who batted in 20 points on eight field goals and four fouls. He is still far to the rear of Martin Hardware's Ed Chatlain for scoring honors, however. Chatlain tallied 37 points Monday night.

Wooster Shatters Own Scoring Mark

WOOSTER — (AP) — The Scots of Wooster college overpowered Allegheny college of Meadville, Pa., 99 to 48 last night, and broke their basketball scoring record for the second time in a row.

The 99 points bettered the 93-point mark made against Rio Grande last Saturday when Wooster shattered a 10-year-old school record. The game was the final one of the season for both colleges.

Joe Distl Picked Honorary Captain Of Ram Cage Five

Joe Distl has been named honorary captain of the 1948-49 Madison high school basketball team, it was announced today by Coach Blaine Dowler.

JOE DISTL

Dowler said that Distl was selected by vote of members of the team. The six-foot senior played in all but one ball game at center for the Rams, starting all but three. He was sidelined for a time with a pulled back muscle.

During the season, a captain was appointed for each game.

Ferguson, Demyan and Shibinski Land On News-Journal All Tournament Team

Mansfield Senior high school basketballers dominated the News-Journal sectional tournament team announced today.

Three Tygers landed first team berths while the other pair of starters wound up on the second team. The News-Journal all-tournament team was selected by a panel of sports writers and coaches.

Paul Ferguson, Ed Demyan and Norb Shibinski, all lettermen, made the first team while Ken McCally and Jimmy Anderson were placed on the second squad. The Tygers had only one tough game in winning the 1949 sectional championship. Mansfield took the measure of Galion, 67 to 45; Ashland, 46 to 39 and Bucyrus, 68 to 46.

Rounding out the first team were Doug Shilliday of Ashland and Bill Kibler of Bucyrus. Demyan, Shilliday and Ferguson were unanimous choices with the latter player getting the honorary captaincy of the squad.

Ray Seif, Galion sophomore, and Bud Jones, lanky Ashland center, garnered first team votes to push Shibinski and Kibler for their jobs. The fifth second team position went to Johnny Johnson, the 6-5 Crestline center, who dumped in 19 points against Ashland.

Of the 15 players getting votes on the two teams and honorable mention list, 12 stand six-foot or better. The only three under the mark — Ferguson, Kibler and Shilliday — were first team choices.

The first team averages a shade under six-foot, the second goes a bit better than 6-2 and the honorable mention list about 6-2. The second club also had a better individual average than the first bunch, 12.2 to 11.3.

The first club averages 17.4 years of age and the second group goes just under 16.

Ferguson, the best ballhandler in the tourney, was the sparkplug of the Tyger attack and teamed with Shibinski to form the best fast break combination in the meet. Demyan was a bearcat off the boards and managed 18 points against Galion and 15 against Bucyrus.

Fredericktown, Mt. Gilead Play In 'B' Tournament

WESTERVILLE — Fredericktown and Mt. Gilead swing into lower bracket semi-final play in the Class B district tournament in two sessions here today.

Fredericktown is scheduled to go against London at 3 this afternoon while Mt. Gilead battles Marysville at 8 p. m. in the Otterbein college Alumni gym. Winners of the two games meet at 8 p. m. Saturday for the right to advance to the regional tournament at either Athens or Springfield.

Upper and lower bracket winners do not meet since both advance to regional play.

Worthington trounced Hebron, 45-26, and Plain City eliminated Ashley, 3730, in upper bracket semi-finals yesterday. Worthington and Plain City meet Saturday for one of the regional tourney berths.

Quail Taken Off 'Song Bird' List

COLUMBUS — (AP) — The perennial request to take quail off the "song bird" list was approved last night by the house conservation committee.

But the birds couldn't be hunted for at least ten years under the measure recommended for passage by a vote of 16 to 1.

Quail would be propagated during that period to build up the state's "bob white" population.

Penn Baseball 9 Organized Tonight

Organization meeting for the Penn Auto-Sporting Goods baseball team will be held at 8 p. m. tonight at the South Main street store. Penn has taken over the sponsorhip of the state champion Mansfield Grays for the coming season.

Lefty Deeds, manager of the club, will be in charge of the meeting and says he will welcome any young ballplayers interested in playing with the club.

Class A Basketball Field Pared to 57

By FRITZ HOWELL, Ohio AP Sports Editor

COLUMBUS—The first regional finalist in Ohio's high school basketball race pops up tonight—the winner of the Hamilton Public-Cincinnati St. Xavier clash in the Queen City.

Fifteen others in Class A, and 16 in Class B (schools with fewer than 150 boys) will be named by Saturday.

The starting field of 215 Class A teams has been pared to 57 in sectional-district play, while the same tourneys, preceded by county eliminations, have cut the opening Class B contingent of 930 squads to 75.

The Xavier-Hamilton classic looms as a thriller. The Cincinnatians have chalked up 16 wins in 21 starts, and Hamilton has lost only to Portsmouth in 20 games.

UNBEATEN TEAMS

Most resounding result of last night's abbreviated set of district contests was at Berea where undefeated Lakewood and Rocky River clashed headon. Lakewood upped its record to 17 wins with a 44-32 victory as the neighboring Rocky River club absorbed its first defeat in 18 contests.

Hamilton and Xavier tuned up last night for tonight's finals The Big Blue was red hot as it swept over Cincinnati Western Hills 63 to 28, while the Catholic club won 38-30 over Norwood which had been beaten only four times in 23 previous starts.

Another big game tonight brings together Newark's Wildcats, three time state Class A champs, and Columbus Central. The Capital City team defeated Newark a year ago to get into the regionals, and is roaring along with a 22-1 record this time. Newark has won 10 of 23.

Coshocton's fine club won its 18th in 21 games last night at New Concord as Paul Call netted 25 points to clinch a 62-40 verdict over Wellsville.

In the southeastern frays at Athens, Lancaster's Golden Gales, who have dropped a pair of one-pointers in 22 starts, stayed on the victory trail with a 54-46 win over Ironton which had split 20 previous contests. Gallipolis, which had won 18 of 21, was the big victim at Athens as Portsmouth (16-4) rolled to a 52-44 victory.

SOUTH'S FIRST TEST

Akron South's undefeated club (15-0) gets into action tonight against Akron Garfield (12-4) as the feature event in the Rubber City. Garfield Heights, hottest team in the Cleveland area, won its 21st in succession last night with a 59-45 nod over Euclid Shore.

Dayton Dunbar, beaten only once, had trouble getting its 17th win in the Gem City tourney, nosing out Dayton Fairview (11-6) by 48-46.

Action was limited in Class B, but both New-Knoxville at Celina, and Olive Branch at Springfield, won their 21st in 22 starts. New Knoxville defeated Fort Recovery (17-3) by 57-53, while Olive Branch was an easy 61-45 victor over Arcanum.

Tonight's big tilts in the minor loop send Fredericktown (27-1) against London (13-7) at Westerville, and New Lexington (21-1) against Racine (17-3) at Athens.

Two Ex-Cards Want Action

NEW YORK — (AP) — A quick showdown in the courts was sought today by two former St. Louis Cardinal pitchers who are suing organized baseball for $2,500,000 damages as an outgrowth of their suspensions for jumping to the Mexican league.

Max Lanier and Fred Martin, two of nearly a score of major leaguers waiting out five-year bans, filed papers in federal court yesterday. At the same time, they sought reinstatement until their cases could be settled.

They obtained a federal court order directing baseball to show cause Tuesday why it should not be temporarily restrained from enforcing both the suspensions and the reserve and termination clauses of its standard contracts.

Baptists Lose First Second Round Game

Senior church league's second half champion Park Avenue Baptist fell before Lucas Lutheran, 33-29, as the loop drew down the curtain on another basketball season last night. It was Park Avenue first defeat of the second half.

First Christian took the measure of Evangelical United Brethren, 43-32, and Ontario Community won an overtime thriller from First Methodist, 43-42, in other games.

INTO OVERTIME

A field goal by Burkhart of First Methodist sent the latter game into overtime after Ontario led 40-38 in the last minute of play. In the extra period, E. Griffith of Ontario broke the deadlock and then John Crouse of the Methodists tied it up again with a bucket from the corner Griffith converted on a foul and Artley missed a chance to tie the score with three seconds to go.

Date for the playoff between second half champion Park Avenue Baptist and first half king First Methodist will be announced later.

Boston Sox Plans Only 2 Changes

By LEO H. PETERSEN
United Press Sports Editor

SARASOTA, Fla. — Manager Joe McCarthy figures on making only two changes in his Boston Red Sox lineup this season: He is planting big rookie Walt Dropo on first base and sending Billy Goodman back to his natural spot in right field.

McCarthy, beaming with optimism as he did in the days when his New York Yankees were the scourge of the majors, said today his team looked much better now than it did at thris time a year ago when he came back out of retirement to direct the back Bay Bostonians.

STAND-PATTER

Always a notable stand-patter because he usually had great stars at every position with the Yankees, McCarthy is convinced he is as well off now as when he used to be called a "push button pilot."

"Who the hell else is any better than Ted Williams or Dom DiMaggio in the outfield?" he asked. "And Goldman had a great year at first base last season which wasn't his regular spot. He might do even better in the outfield."

Regarding Dropo, who at 6-foot, 5½ inches is the tallest man in the American league, McCarthy said "he has been improving right along—he has a great chance to make it this year."

The rest of the infield constitutes no problem whatever with durable Bobby Doerr at second, Vernon Stephens at shortstop and Johnny Pesky at third with tall Billy Hitchcock, a capable replacement at almost any spot.

BIRDIE NO. 1

Marse Joe has only three catchers in camp with the aging Birdie Tebbetts his number one man.

Pitching, McCarthy admits, is his number one problem. His could be one of the top staffs in the majors if the top big sore arm guys, Tex Hughson and Dave Ferriss, both former 20-game winners, could regain their old form.

Of course, the top men on the staff on the basis of last year's performances are Joe Dobson, who won 16 games, and Jack Kramer who had a fine 18-5 mark and Ellis Kinder who picked up 10 wins. For relief he has old timer Uncle Denny Galehouse and Lefty Earl Johnson.

Steve Gromek to Go In First Intra-Squad Tilt

News From Around The Diamond Camps

TUCSON, Ariz.—(INS)—Strivin' Steve Gromek starts today to try to make an expert seer out of President Bill Veeck of the Cleveland Indians.

Gromek has been heralded by Veeck all winter long as the man who will be the Tribe's best pitcher during the 1949 season.

Today he will hurl three innings for the "Pets" in Cleveland's first intra-squad game of the season at Tucson. If he shows anything near his potential form, the Tribe batsmen are in for a disappointing day at the plate.

Last year Steve compiled a respectable regular 9-3 won-lost record, which included several invaluable late-season wins, and a world series victory.

Lyman Linde and George Anderman, both promising rookies, will follow Gromek on the mound.

Mike Garcia, another speedball rookie, will start for the "Pals." Roy Welmaker, a Negro southpaw, and Dick Rozek also were to see action for the "Pals."

Bob Feller, Early Wynn, Sam Zoldak and Frank Papish are slated to make their first appearances in another intra-squad game tomorrow. Gene Bearden is considered a likely starter in the Indians' first exhibition game Saturday against the New York Giants.

Hard-luck Hank Edwards, Cleveland outfielder getting a shot at first base, was expected to miss today's battle because of a bruised ankle, which he suffered yesterday when hit by a batted ball.

★

Athletics . . .

WEST PALM BEACH, Fla.—(AP)—Taft Wright's big bat was the talk of the Philadelphia Athletics' training camp today.

In a six-inning intra camp game yesterday, Wright blasted out a booming homer and a double to give Jimmy Dykes' new comers a 3-0 win over Al Simmons' veterans. Wally Moses also scored on Wright's four-base blow.

★

Phillies . . .

CLEARWATER, Fla. — (UP) — The Philadelphia Phillies' camp was covered with a blanket of anxiety today as the entire squad awaited word of the injured Richie Ashburn and Russ Meyer.

Both Ashburn and Meyer were hurt in the second inning of an intra-squad game yesterday. Outfielder Ashburn, leading candidate for rookie-of-the-year honors in 1948, was hit over the right eye by a thrown ball and subsequently removed to a nearby hospital for observation.

Meyer, a fast-ball pitcher obtained from the Chicago Cubs during the off-season, was forced to leave the game when hit on the wrist by a pitched ball. Meyer's injury was diagnosed as a severe bruise and possible fracture of the bone. X-rays will be taken today.

★

Giants . . .

PHOENIX, Ariz. — (AP) — New York Giants' manager Leo Durocher is going to try rookie pitchers Sam Webb and George Spencer in relief roles. Webb won 18 games for Jersey City last year and looked impressive in a few starts for the Giants at the tail-end of the season. Spencer is up from Knoxville of the Tri-State league.

★

Yankees . . .

ST. PETERSBURG, Fla. — (AP) —Don Johnson, big righthander who was the sensation of the New York Yankee training camp in 1947, again is drawing raves. Johnson allowed only one hit in a three inning intra-squad game yesterday.

★

ST. PETERSBURG, Fla.—(INS) —Shoes a half-size larger than he normally wears were ordered today for Joe DiMaggio. The Yankee outfield ace found yesterday that rubber pads worn to protect his tender heels made his shoes too tight and caused blisters on his big toes.

★

Pirates . . .

SAN BERNARDINO, Calif—(UP)—Ralph Kiner's big home run bat was speaking with authority today as the Pittsburgh Pirates prepared for another nine-inning, intra-squad game. The co-holder of the National league homer title banged several over the leftfield wall that would have been good for the circuit in any ball park back east.

★

Cardinals . . .

ST. PETERSBURG, Fla.—(AP) —The St. Louis Cardinals scheduled another intra-squad tilt today as Manager Eddie Dyer prepared for the first exhibition game against the New York Yankees Saturday.

In yesterday's intra-squad contest, the two teams played a 1-1 deadlock.

★

Browns . . .

BURBANK, Calif.—(AP)—The St. Louis Browns played their first intra-quad game yesterday—a one-sided 6-0 affair. Holdout Jerry Priddy watched from the sidelines. Bill Sommers of San Antonio held down second base in Priddy's place.

★

Reds . . .

TAMPA, Fla. — (AP) — "Good pitch, no hit, no field" was the word today at the Cincinnati Red's camp after the second intra-squad game of spring training.

The Grady Hattons won a disputed 2 to 1 decision from the Hank Sauers.

Ferrall Follows Strobel as Coach Of Barberton 11

BARBERTON — (AP) — Barberton high school has hired Junie Ferrall, 38-year-old Canton Lincoln coach, as head football coach.

Ferrall, a former Ohio State end, will start his new job Monday under a three year contract calling for $4,000 this year and $4,500 the next two years.

He succeeds Harry Strobel who is moving to Ohio State university as freshman football coach.

Ferrall coached at Lincoln from 1932 until last year when he resigned to become a sporting goods store operator. His 1947 team upset Canton McKinley—the first time a bulldog football team was beaten by a city rival. In 1945 his Lincoln team tied Massillon and McKinley, won all the other games of its regular schedule, then tied Toledo Waite in a post-season game for the mythical state scholastic championship.

Orphan Cards To Hear Fate

SARASOTA, FLA. — (UP) — The St. Louis Cardinals, faced with the possibility of being an "orphan" team before the start of the new season, take their problem to baseball commissioner A. B. Chandler today.

The St. Louis Browns, owners of Sportsmans park where the Cardinals have played their home games since 1920, already have served the National league club with an eviction notice, effective April 1.

Chandler has called together Bill Dewitt, president of the Browns, and Fred Saigh, president of the Cardinals, in an effort to iron out the legal difficulties.

Valpey Hires Alma Coach as Assistant

CAMBRIDGE, Mass. —(AP)—Art Valpey who came from Michigan to become Harvard's head football coach went back home and hired an assistant.

Steve Sebo, ertwhile Michigan State star who has been athletic director and head coach at Alma, Mich., college, will tutor the backfield for Valpey next fall.

Luedy and Kurtz Pace Pin Parade In Transportation

Gene Luedy and Paul Kurtz, rolling in the Transportation league, paced the pin parade last night with honor roll scores.

Luedy put together games of 215, 209 and 210 for a 634 total while Kurtz anchored a 618 on a big middle game of 249. He started with 178 and closed with a 191. They helped boost the sixth-place Teamsters to 2641 and a three-game sweep over Knights of Pythias.

Tony Augustine just missed the select list when he knocked off 230-189-176—595.

League-leading Geiger Brandt Distributing won only one of three games from Hartman Electric, the ninth place club. Schmidt Tire cut one game off the lead by taking two of three from Dominion Electric.

Other high individual scores: Lewis Shafer, Schmidt, 583; D. Bachman, Geiger, 553; P. Hergatt, 548, and George Percy, Motor Cargo, 542.

★

D. Treisch topped Elks bowlers with 216-207-196—619. Bob Bieri posted 167-212-213—592; Johnny Leppo, 579; Gene Funston and Art Hilborn, 574, and Emmett McIntire 550. Hilborn was not too far from a consistency as he tossed games of 191, 192, and 191. Funston had 190-193-191. At the other extreme, Jim LeMunyon had 124-202-136—462.

★

Walt Hoffman pounded out 200-214-188—602 to lead Westinghouse C leaguers. L. Mowrey tossed 582, Lou Tridico counted 573; P. Woodard, 561; Clifford Mikesell, 536; B. Jacobs, 535; and W. Bauer, 520.

★

F. Black of Doc Hamman's racked up 203-202-186—591 to pace Richland C Leaguers. C. Kopp of Colby and Earick counted 544, Joe Lesch, Mansfield Rug, had 535; K. Beam, 522; Kenny Berry, 525; and D. Norton, 520.

Hamman's had a pinfall of 2573 but won only two of three from Ritz Nite club. Weaver's Supply and Colby and Earick had sweeps.

★

Mickey Heisley won a close race in the Westinghouse Girls league from Velma Wayt, 412 to 411. Ruth Metzger carved out 379 and Sophia Metz 352.

★

Dyce Kopcial did some fancy bowling in the St. Peter's high circuit to pace the loop with 335 on two games of 166 and 159. Other two game scores of the school league included R. Hearn, 311; D. Dropsay, 276; Frank Carmek, 281, and Jake Schmidt, 375. Dot Crooks paced the girls with 241.

★

Only one "600" was chalked up in the 24-team Mansfield Tire league. E. Weakland nudged just over the mark with 213-225-163—601 while F. Harmon came in with 188-193-210—591 and B. Stoughton had 156-223-203—583.

Others: J. Dunn, 575; Jess Willard, 548; C. Bauer, 541; McDowell, 541; Joe Siwek, 539; A. Smaltz, 537; John Takos, 536 and K. Windsor, 532: J. Dillon had a 212 single game and J. Hoffman got off with games of 134 and 135 before hitting a 204 and a 473 series.

Gorman-Rupp Softball 9 May Enter Major League

Mansfield Gorman-Rupp will likely be represented in Ohio's fastest softball league this summer, it was learned here today.

The Gorman-Ruppmen, state tournament runners-up last year, have been invited to take an open franchise in the Ohio Inter-City Major Softball circuit. A decision will be reached sometime this month.

Transfer of the Ashland Indians, Gorman-Rupp's traditional rival, to the major circuit is a big reason for the move. Ashland is not yet in but expects soon to pull up roots from the North Central Ohio league which operated last season.

LEAVE WEAK LOOP

Removal of the Indians would leave the NCO woefully weak and give Gorman-Rupp little alternative but to follow the Ashlanders. The other four NCO clubs, Mt. Vernon, Tiffin, Marion and Willard were none too strong.

Only disadvantage to the entry of the major league would be the long trips. The southern division of which Gorman-Rupp would be a member includes Wooster, Orrville, Massillon, Canton, Akron, Lakewood and tentatively Ashland.

In the northern division are Westlake, Berea, Lorain, Bedford, Garfield Heights, East Cleveland, Youngstown and tentatively Ashtabula. A playoff is planned between the division leaders for the championship. Youngstown General Fireproofing beat Gorman-Rupp, 1-0, in an extra-inning game for the state championship last year.

Rail Workers Fight Proposed Conveyor

YOUNGSTOWN — (AP) — State legislators from the Youngstown district are swamped with letters protesting the proposed Lorain-East Liverpool conveyor belt, they report.

The lawmakers said most of the letters came from railroad workers and ask defeat of a bill before the legislature which would give backers of the belt the right of eminent domain to obtain land for their project.

Gentleman's Farm

There is a farm where you may grow
Oats, corn, potatoes, row on row.
Ninety-two acres timber and hay,
Very best soil, we hear folks say.

A- dairy barn and silos too,
Many outbuildings just like new.
Fishing lake, within five miles.
A better district couldn't be found.

Too nice a 10-room home to go to waste.
The owner really had some taste.
Advice would be . . . invest your money
Watch dispositions become sunny.

Amended
Regulation "W" has now been amended, permitting longer terms on the purchase of late model cars. This change will mean lower monthly payments when paying on a car out of income. We think now is the logical time to purchase a car while prices are down and payments are made easier. Our policy is to continue to sell better cars at prices below the prevailing market. We are able to do that because of our low overhead and volume business. We are sure you will save considerably by seeing us before making a purchase.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

ALLIS-CHALMERS MODEL G IMPLEMENTS
for VEGETABLE GROWERS

Rear-mounted engine puts you next to the job, where you can watch these implements work.

POWER-DRIVEN SEEDER
1. Plants 2 to 6 rows at a time; smallest seeds to large beans, with greater accuracy.
2. Front-mounted—Operator can actually watch seeds drop into each row without turning his head.
3. Quickly attached or detached; simple adjustment for uniform depth and row spacing.

INDEPENDENT GANG CULTIVATOR
1. Perfectly matches and cultivates crops planted with Model G seeders, 2 to 6 rows.
2. Front-mounted. Easily attached or detached.
3. Controlled penetration permits closer cultivation. Requires less hoeing.

These important operations are only two of many for the versatile Model G line of equipment.

Reds Exploiting Europe's War Fear

In connection with the Molotov-Vishinsky affair many have recalled the famous saying of Winston Chruchill's that the action of Russia "is a riddle wrapped in a mystery inside an enigma."

Mr. Churchill, who was speaking twenty months before the Nazi invasion of Russia, then went on to say, "But perhaps there is a key. That key is Russian national interest."

Now it may be, of course, that the key to Soviet policy is no longer the historic life-interests of Russia, and that Stalin, at the age of seventy, is no longer pursuing a cold policy of Russian self-interest.

But there is as yet nothing to suggest that the old leopard has changed his spots, and that Soviet policy is not now dictated, as it has been ever since Stalin overthrew Trotsky, by the Russian national interests.

Now the essence of Stalinism has been the conviction that the future of Communism in the world depends on the future of Russia in the world, that Communism aboard must serve the Russian interest, and that when there is a conflict between Communism and the Russian interest, as for example in Yugoslavia, and in China, the Russian interest is paramount.

★

USING THIS KEY, which has now been tested by the experience of ten years, we may note that Mr. Vishinsky was in Czechoslovakia in contact with the Cominform leaders before he became Foreign Minister. We may note also that his visit to Czechoslovakia coincided with the final negotiations of the Atlantic pact, and particularly the adherence of Norway, and that it was followed by the defiant declarations of non-resistance and collaboration by Thorez, Togliatti, and of Communist leaders in all the Atlantic nations, and also in Germany.

It is a reasonable assumption that Vishinsky is to administer the Russian reaction to the Atlantic pact. The character of that reaction is indicated by the sequence of events — namely that nothing much happened until after Norway came into it. All thorough the summer and autumn when the pact was confined to Western Europe, and the discussion was about building up defenses on the Rhine, the Russians did little more than express their dislike of it. But when Norway came in, the Russian national interest was involved. For while Russia cannot be attacked by land armies from France and Belgium, it can be attacked by bombers from Southern Norway.

Only part of the Russian reaction to this formidable development has thus far been disclosed. There will be some, we must suppose, in Scandinavia. But the Thorez-Togliatti declarations are a more direct move against the pact.

To appreciate the force of this action, and to understand why Thorez and Togliatti dared to say what they did, we have to realize how great is the European horror of invasion and occupation. It is so great that while the Western Europeans would fight on their frontiers to prevent invasion, the great mass of the people — those who could not escape and become refugees—do not expect to resist another occupation.

This is the situation which Thorez and Togliatti, actuated no doubt by Vishinsky, are exploiting. It will not be resolved by calling them traitors, though, of course, they are proclaiming treason. It can be resolved only by an American policy which would make the frontier of Western Europe impregnable — or, if that is not feasible, by an American policy which combines the military force to deter an invasion with a diplomatic policy designed to relax the tension and reduce the fear of war.

William the Conqueror caused a great census to be made of England, called the Domesday Book, which enumerated all possessions down to the last pig, ox and cow.

PIN-WORM Mystery Ended

The miseries of Pin-Worms have been known for centuries and millions of victims have sought a way to deal with these pests that live in the human body. Even today, experts report that *one out of every three* persons examined was infected with Pin-Worms.

But now you can and *should* do something about Pin-Worms Because a new, scientific treatment — **Jayne's P-W Vermifuge**—offers *real* relief. **P-W's** principle ingredient is a medically-approved drug that attacks Pin-Worms in the intestines and removes them from the body.

So watch for the warning signs in your family...fidgeting, nose picking and especially the tormenting, embarrassing rectal itch. Then ask your druggist for **P-W**, the small, easy-to-take tablets perfected by the famous Jayne Co., specialists in worm remedies for over 100 years. Destroy those Pin-Worms...relieve that itch.

Just Remember: P-W ® for Pin-Worms!

Revised Turnpike Bill Faces Rugged Test In Ohio Senate

Land Owners To Be Paid In Advance

Act's Sponsors Change Proposal

By REED SMITH

COLUMBUS — (AP) — A revised Ohio turnpike bill starts its second legislative road test in as many years in the Senate today. The going looked rugged but sponsors were optimistic.

A similar measure by Sen. Ralph A. Winter (R-Medina) raced through the Senate two years ago but was ditched in the House. Rural representatives who opposed it then said they will do so again.

The new proposal by Sens. Winter and Willia mM. Boyd (D-Cuyahoga) has been changed in the hope of clearing former road blocks.

It is designed to permit construction of toll super-highways in Ohio linked with the famed Pennsylvania turnpike. An extension of that super-road would bring it from near Pittsburgh to Ohio's eastern border.

Preliminary surveys show a 239-mile four-lane divided turnpike across northern Ohio to Indiana entirely feasible, Winter said. Tolls from users would retire bonds issued to finance it. The bonds would be handled privately without cost or obligation to the state. And Ohio would be "given" the turnpike when the bonds were paid off.

"Two years ago the oil industry opposed the bill proposed because they said the turnpike commission had the authority to maintain a monopoly in the sale of gasoline," Winter said in a prepared statement.

The present bill was revised by the Senate Highway committee to provide for reasonable competition, he explained. "We have tried to build into the bill every possible safeguard for the taxpayer of Ohio," he added.

Owners of land condemned for super-highways would be paid in advance for their property. Depreciation of adjoining land resulting from highway construction also would be allowed.

The proposal seeks to create a commission of five members with the state highway director in an ex-officio capacity. Commissioners would serve eight-year terms and received $5,000 yearly.

Claim Russia Not Prepared

(Continued From Page 1)

industry that Russia has been planning such a cut-off but nothing from the government to back it up.

Russia has been furnishing about 35 per cent of United States manganese imports and about 26 per cent of American chrome receipts.

To maintain the present rate of steel production and add to her strategic stockpile of critical materials, the United States is dependent upon imports for about 90 per cent of these two items.

On the other hand, foreign aid sources disclosed today that Yugoslavia is "substantially" boosting her exports of strategic materials to the Marshall Plan countries.

At the same time, Yugoslavia, which has been ousted from Russia's Cominform, is sharply curtailing her trade with her communist-dominated neighbors in eastern Europe.

Best estimates available show that Yugoslavia and the 19 ERP countries did at least $328,200,000 worth of business last year. Imports from Yugoslavia were estimated at least $183,600,000.

Much of this material going into the recovery nations consisted of non-ferrous metals which are vital to industrial production and which formerly were being used by industries in western Europe.

Action Would Force Removal Of Trailers In Brookline

Mrs. Betty Thomas, of Eighth avenue, yesterday filed a supplemental petition in common pleas court, naming five more defendants she contends have failed to comply with building restrictions in Brookline allotment.

In her original petition filed on Aug. 16, 1948, she listed 24 defendants, some of whom, she said, had maintained trailers or house cars on their lots in Brookline and permitted trash and waste materials to pile up on their properties.

She contended their actions resulted in decreasing the value of lots in the area, and were in violation of allotment restrictions, which are to be in force until 1970.

Besides asking that the 24 be enjoined, her supplemental action now lists the following as violating restrictions:

Levi W. Beer, Patsy and Louella Strip, Rose Tuber, William and Rose Hooper, and Anna Messer. She asks that they be enjoined by the court from using the lots for trailers or dumping rubbish. Her attorney is C. J. Kalbfleisch.

Game Ticket Sales Lagging

The sale of tickets for the benefit basketball game between the Cleveland Browns and the Mansfield All-Stars has not been adequate, Elmer Hedeen, chairman of the Good Fellows committee for the Friendly House, said today. The game will be played March 16 at Senior high school.

Hedeen pointed out that not enough tickets have been purchased to pay for the equipment needed for the Friendly House gymnasium, opening in about 90 days.

Tickets may be purchased at the Tawse pharmacy and City News or from any one of the 30 committee members.

18 Homes Authorized

Building permits for the construction of 18 homes at an estimated cost of $165,000 were issued in Mansfield during the month of February.

A total of 25 permits were issued for new construction, which included homes, garages and other buildings. The estimated cost of this building was listed at $219,350.

Sixteen permits were issued for alterations on property which will be made at an estimated cost of $17,930.

No permit for a major building project was issued during the month.

Mississippi River Boat Seeks Record

NEW ORLEANS — (UP) — The towboat Harry S. Turman plowed up the Mississippi river toward St. Louis today in an effort to break the 79-year-old record of the famed Robert E. Lee.

The President's river-boat namesake, captained by Willis Smith, churned away from its dock here at 5 p. m. yesterday as Mayor Delesseps Morrison fired a starting gun.

GOP Splits Politely Over 1950

Senate, House Views Differ

WASHINGTON — (AP) — With some polite bows toward coordination and cooperation, Senate and House Republicans appear to be getting wound up to go off in different directions in the 1950 congressional campaign.

The coordination and cooperation phases will get a test early in April when the campaign committees of both houses lay before the Republican national committee's executive and finance groups their demands for record-size financial kitties.

House Republicans want $200,000 as their 1949 ante for a publicity campaign the likes of which minority leader Joseph Martin says hasn't been seen around these parts in many a year.

The more modest Senate committee, headed by Senator Brewster of Maine, is asking for only $75,000.

Both sums would have to come out of the $750,000 budget that National Chairman Hugh D. Scott, jr., had figured on spending mostly under his own direction.

Scott wouldn't give at first but has been singing low recently. So the Senate and House committees may not have to go outside and run independent money raising drives as they have threatened.

Senate and House Republicans proved in the 80th Congress they have different ideas about running the country. They were brought closer together by their stunning reduction to a minority status last November, but about the only thing they agree on fully is that the record of the 80th Congress wasn't properly sold to the people.

The House minority leader is a great believer in swinging from the ground against the administration. Practically everything the Democrats do or purpose is bad for the country in his public viewpoint.

As an expansion of this idea, the House Republicans are thinking seriously of converting President Truman's campaign slogan to their own use. They may set out to tell the country that "the 81st is the worst" Congress.

Thus far the House Republicans haven't come up with much in the way of a program of their own.

Senate Republicans haven't found much yet in the way of a positive program either, but they don't take a dim view of everything President Truman proposes.

Most of the Republican senators, for instance, seem to favor aid to education and low cost public housing. The House, under Martin's leadership sat on Senate-approved bills of that kind in the 80th Congress.

The Senate Republicans think, too, that they will have something of a record to talk about.

Martin can command only 171 of the 435 House members, but Republicans hold 42 of the 96 Senate seats.

Consider Bucyrus For Diesel Shop

NYC Survey Includes City

BUCYRUS — This city is being considered seriously for the site of repairing and servicing all Diesel locomotives in use on the Ohio Central Division of the New York Central railroad, J. R. Brinkman of Chicago, NYC vice president, announced here Tuesday.

Brinkman headed a delegation of 15 high-ranking NYC officials here for a complete survey of the NYC's property and shops here. He stated if the project goes through, Bucyrus would become the center for repairing and refueling a fleet of nearly 50 Diesel locomotives.

The new locomotives are being put into operation on the Toledo-Corning line and also the eastern and western divisions. All of them would be brought to Bucyrus for servicing every 4,000 miles.

NYC officials pointed out if Bucyrus becomes the Diesel repair center, the Bucyrus, Castings company will be forced it find a new location. The company now operates in the old car repair shop, which will be converted into a Diesel repair shop.

It has been unofficially estimated between 50 and 125 men would be added to the shop force here.

During World War II, the NYC shops here were used for the training of railway shop battalions stationed at Camp Millard here.

Moose Holds Family Party

The Moose lodge will hold its monthly family covered-dish dinner at the lodge at 6 p. m. Thursday.

Movies will be shown for the children and there will be a "surprise" program of entertainment for the adults.

John Hrivnak is chairman of the event.

Lodge Governor Edmund Pelasky also announced there will be an initiation ceremony beginning at 2:30 p. m. Sunday, March 20. The ceremony will be followed by refreshments, dancing and entertainment.

1,600 Grade Pupils Attend Concerts By Oberlin Orchestra

More than 1,600 students in the fourth, fifth, and sixth grades of the elementary schools attended two concerts given by the Oberlin college symphonic band at John Simpson auditorium yesterday.

The concerts at 10:30 a. m. and 1:30 p. m. marked the first appearance of the college band here. Yesterday also was the first time a symphonic band had presented a concert especially for Mansfield elementary pupils.

Of the nine selections played at each concert, "The Three Trumpeters," by Agostini, and "The Clock and the Dresden Figures," by Ketelbey were the favorites of the children.

At each concert the director of the 70-piece band introduced the band members individually to the students.

George Waln, head of the woodwind section at Oberlin, played a clarinet solo.

Prior to the concerts, elementary students had listened to recordings of the program numbers in their classrooms. Yesterday's program was recorded by the band with a recording machine in the balcony.

At noon the band was taken on a bus trip around Mansfield and in the afternoon band members visited high school concert music rehearsals.

Post Office Job Started

Mansfield's post office is undergoing a face-lifting.

Plumbers are installing new fixtures throughout the building, and electricians will string heavier power cables to points in the building to take care of new electrical equipment.

The back of the post office will have the "new look" with a longer loading "apron" or dock.

Contractors began this morning to build forms to pour cement for the loading dock.

A freight elevator also has been included in the modernization of the post office. Now, postal employes must carry or drag packages from the basement to the main floor of the office.

Wyckoff Gets Lodge Post

Election of Cloyd Wyckoff, 138 Bartley avenue, as secretary of the Mansfield Moose lodge was announced today.

He succeeds Fred Berry, secretary for 18 years, who resigned because of ill health.

Wyckoff, formerly with the Mansfield Tire and Rubber company, will be manager of the club along with his secretary's duties. He has been acting secretary since last August. He was president of the Fifth district of the lodge in 1947 and has been recorder for the legion of the Moose since 1943.

Wyckoff will be the lodge's last elective secretary. The organization voted to make the job an appointive post.

P-TA Picks Committee

Mrs. J. D. Merrell was appointed chairman of the new nominating committee of the West Fifth street P-TA at a meeting held at the school last night. Other members of her committee include Miss Beatrice Colvin and Earl Korn.

The attendance prize was awarded to Mrs. Barbara Keipp's room.

Following a program in charge of Mr. and Mrs. Ralph Martin, refreshments were served at a table decorated in St. Patrick's Day colors.

Mrs. Jane Heilman, president, was in charge of the meeting. Hostesses were Mrs. Emil Lommatzsch, Mrs. R. W. Miller, Mrs. Albert Workman, and Mrs. J. R. Stock.

The next meeting will be April 12.

OK Given Ditch Project In Crawford

BUCYRUS—Crawford county commissioners approved the proposed Dorsey Beal ditch as pertains to the "openwork" following the initial hearing held Tuesday in the commissioners' office here.

Tiling of the ditch will be done and paid for by the farmers involved in the project, James Kehrer, clerk of the commissioners, pointed out.

The site of the proposed ditch was viewed Monday by commissioners Walter Sargel, Roy Eichhorn and Earl Leonard.

5 In Area Fight Will

CHICAGO—(AP)—Five Mansfield area Ohioans had a part in court proceedings to set aside the will of Mrs. Evelyn N. Mackintosh, wealthy widow of a Chicago banker.

The Ohioans—all claiming to be half brothers and sisters to Mrs. Mackintosh — contend the Chicago woman's will is invalid. It left $150,000 to a Chicago woman friend of Mrs. Mackintosh.

Those claiming relationship are Virgil R. and Bessie Jane Brink, Millersburg; Lloyd and Charles Brink, Killbuck, and Mrs. Clara Pyers of Loudonville, Ohio.

They are supporting a suit filed by public administrator of Cook County (Chicago) to set aside the will. The half brothers and sisters asserted in probate court yesterday they never were given notice of court proceedings

Mrs. Mackintosh died March 1, 1948. The will left the state to her mother, Mrs. Lillian Harwood of Chicago, with a provision that in case of Mrs. Harwood's death, the estate was to go a friend, Miss Norine Mc Alvany, 51, of suburban Skokie. Mrs. Harwood died two months after Mrs. Mackintosh.

Read This Before You Cash a Check

AT ALMOST regular intervals through the years a news item tells about one or more Mansfield business firms cashing bogus checks, and time after time there has been the warning that what looks like a check has no more value than a piece of blank paper, unless it is presented by someone who is known to the person or firm cashing it, and whose reliability is above suspicion.

Over the past week-end, it appears, fifteen worthless checks—each for the considerable sum of $97.82—were worked off in local bars, and the only explanation seems to be that those who took the bad checks had never read the frequently repeated warnings against such costly carelessness.

So here it is again: Don't ever cash a check for a stranger to whom you would refuse to give or loan the amount for which the check is written. And a stranger presenting a check should be prepared to establish identification, rather than being offended when asked to do so.

Colored Oleo, Maybe, Maybe Not

IT WILL NOW be up to the lower house of the Ohio legislature to say yes or no on the initiated bill to permit the sale of colored oleomargarine in this state.

By a reversal of its last week's action the state senate has approved the measure, 18 to 14, and it will now go to the lower house for action, with a quite general impression that dairy interests will succeed in retaining the ban on colored oleo, despite strong favorable sentiment that has been evidenced over the state.

Next move, in the event of legislative disapproval, will be to secure a sufficient additional number of signatures to place the proposal on the ballot at next November's election, in the confident belief that it will be given majority approval.

Odom Succeeds After 'Trying Again'

THOROUGHLY EXHAUSTED, but happy over his accomplishment, Bill Odom landed at the Teterboro, N. J., airport yesterday noon with a coveted new record to his credit.

He had flown a small plane solo, non-stop from Honolulu, a distance of 5,000 miles, in 36 hours, thus succeeding in what he started out to do last January when he got no further than Oakland, Calif.

Whether this record means anything in particular in the field of aviation, the grim determination of 29-year-old Bill Odom in carrying through to the finish of his self-assigned task, merits commendation as an exhibition of the American spirit at its best.

Thirty-six hours of continuous wide-awakeness and constant attentiveness to his job was required of this young man to complete what he started out to do. This shouldn't often be necessary in any line of endeavor but it is gratifying to know that there are some who place achievement above consideration of personal comfort and easy work.

Those Ridiculous Pyramid Clubs

WHILE some Ohio cities have become stirred up over Pyramid club activities and have sought ways to protect people against being victimized by this latest "get-rich-quick" racket, Governor Lausche has rather sensibly decided to let the scheme run its course instead of attempting to find laws that would stop it.

It appears all that is necessary to join a Pyramid club is to contribute one dollar and then get two acquaintances to contribute a dollar each, and so on and on until contributions amount to around $2,000, which goes to the first member, thus continuing until a couple of thousand dollars is received by each member—which gets into geometrical progression in such a staggering way that even the entire population of the country would be unable—at a dollar each—to pay off more than a small fraction of the contributors.

Only the racketeering promoters are in position to cash in on the swindle, and as it is no more than one dollar each that innocent and gullible persons are likely to lose the lesson may be regarded as worth its cost.

'Helping Hand' Tradition Revived

IN EARLY DAYS it was a common sight to see neighbors band together to help each other. Barns were built, crops harvested, land cleared and numerous other heavy tasks were accomplished in a few hours instead of weeks or months. It was done in an atmosphere of spontaneous fun. The neighbors simply dropped in for a raising bee, a husking bee, or whatever the occasion required, with their wagons loaded with food.

These work parties were a necessity in pioneer America. But it is cheering to note that this tradition is still with us in this machine age. A recent news item tells of a service station operator in a small Minnesota community who had an unusual run of bad luck.

His competitors decided to help him out. They closed their stations one Sunday and took over the job of manning his cash register and pumps to handle the sudden rush of business. Many people refused change, and the supplier, which was one of the leading oil companies, furnished gas at cost.

When the day was over the station operator was considerably better off financially and he had gained a new appreciation of his friends and neighbors.

Remember, week after next is the time for that haircut you deferred from week before last because of the $1.25 price—or are you planning to be out of town early in April?

For those who are interested, announcement of a slight drop in the price of Cadillacs is probably cheering.

Washington Calling

Veteran Faces Obstacle

By MARQUIS CHILDS

WASHINGTON — In the long days and nights of waiting and boredom, in the tense intervals between combat, a lot of young men in the last war thought about what they wanted to do when they got back home. Many dreamed about starting a little business that might become a good size business. They were tired of being ordered around, they wanted to be their own boss.

One who came back with that dream was Lewis C. Burwell jr., of Charlotte, North Carolina. He had a very definite idea of the business he wanted to start.

Having been a combat pilot for most of the war—ten combat citations and three distinguished flying crosses—he wanted to stay in aviation. His idea was for an airline that would take tourists on all-expense excursion trips.

Burwell formed Resort Airlines. Stock was sold, most of it to veterans, some of it to wealthy men who thought well of the proposal. Working intensively, the young promoter got operating safety certificates from the United States, Canada, Mexico and most of the Caribbean and Central American countries.

It was soon apparent the idea would take hold with the public. In the summer, Resort Airlines carried parties to the American west and the Canadian northwest. In the winter, the tours were to the Caribbean and Central America.

* * *

Appreciated By Patrons.

MOST of Burwell's customers were people who had never flown before or who had never taken a long trip. They liked having everything done for them—hotel reservations, air schedules, the whole thing wrapped up in one package at reasonable cost.

Before long, Resort Airlines had three DC-4s and seven DC-3s. It was a going concern. The dream seemed to have come true.

Then Burwell began to have trouble with the Civil Aeronautics Board. The temporary operating authority issued by the CAB was modified. A long series of negotiations with the tourists industry, studies, hearings, briefs and, finally, a report by the trial examiner cost the company approximately $150,000.

After eight months, a trial examiner recommended a certificate of public convenience and necessity for Resort. Exceptions were filed, incuding the protests of the big scheduled airlines. Their spokesmen argued that Resort was taking business they would otherwise have.

Burwell's reply is that most of his passengers are new to travel and they would not be likely to make their own reservations and take themselves from place to place. Having once made an all-expense, conducted tour, however, they are far more liable to go again on their own.

In spite of the constant struggle with government red tape, Burwell could point to the fact his line had flown 25,000-000 passenger-miles without an accident of any sort. He could also point out that Resort had voluntarily adopted the same safety standards as the big lines, and in some instances the requirements were higher.

If ever there was an example of small business, of enterprise, of ingenuity, of hard work, this seems to me to be it. Yet now Resort, along with all other unscheduled lines—most of them operated by veterans—are shut down by a CAB order.

The other day the CAB awarded the scheduled lines an additional $8,000.000 in subsidy. The unscheduled lines get no subsidy and have never asked for one.

The drive originating with the big lines is to cut down competition. The small lines are trying to present their case to the government and the public, but they are handicapped by lack of funds.

Resort, unlike most unscheduled lines which have no foreign ports of call, has one final appeal. That is to the White House.

Frankly Speaking

Lowdown On Filibusters

By JAMES MARLOW

WASHINGTON — Here's an ABC on the Senate filibuster fight which gets up a head of steam this week.

Several things are involved: The fate of President Truman's civil rights program; the ability, or failure, of southern Democrats to block it, and the right, or ability, of a minority to block the will of a majority.

A filibuster—unlimited speechmaking—happens only in the Senate, never in the House. There's a House rule limiting debate. Not in the Senate.

And there are two kinds of filibusters: By an individual senator, or a group of senators filibustering in relays. Example:

An individual is against a bill the rest of the Senate wants to pass. He knows he can't talk more than 15 or 20 hours straight without dropping from exhaustion.

And when that happens, he knows, the patient Senate will then pass the bill. Still, wanting to register his protest, he filibusters. This one man stand means nothing.

It's the relay kind that counts: When a group of senators, say 25, wants to prevent the rest of the 96 senators from voting on something like the President's civil rights program.

This minority, talking in relays, can go on for weeks or months while all other Senate business stops and piles up.

If this goes on long enough, the Senate may have to cast aside, for lack of time, some of the other important bills it hoped to pass.

* * *

Difficult To Stop.

A FILIBUSTER can be stopped, though, in two ways:

1. By letting the minority win. This is when the majority finally agrees to drop the bill that caused the filibuster. When that occurs, the particular bill is dead for the rest of the session.

2. By beating the minority and breaking the filibuster. This happens when two-thirds of the senators vote to shut off the filibuster by limiting debate. But—

That seldom happens, A two-thirds vote of the Senate to halt a filibuster is hard to get. Senators, as a group, prize their freedom to talk without limit.

The argument: "Some day I may be opposed to something and want to filibuster. If I shut off somebody's filibuster now, mine may be shut off some other time."

The southern Democratic senators, although members of Mr. Truman's own party, long ago announced they'd filibuster to prevent Mr. Truman's civil rights program from passing.

Mr. Truman intended this program to be of particular benefit to Negroes. Mr. Truman and his aides decided to have a showdown on whether the program could get through the Senate.

The Senate now has reached the showdown stage: Whether enough senators will vote to shut off a southern filibuster. (The big issue is a proposed rules change which would permit a two-thirds vote to shut off debate on a motion. Such a vote now can stop debate on an actual bill. The business before the Senate now is a motion to take up the proposed rules change.)

In passing an ordinary bill, only a majority Senate vote is needed.

As Others See It

Vishinsky Plans Crackdown On Czechs

By DREW PEARSON

WASHINGTON — Sensational developments are expected in Czechoslovakia following Vishinsky's appointment as Russian foreign minister. . .The U. S. embassy in prague reports Vishinsky has definitely decided that Czech communists are too independent and that Klement Gottwald, the present communist boss of Czechoslovakia, must be purged. It's feared he will become another Tito. . .Vishinsky is reported to have reached this conclusion during his three-week so-called "vacation" in Czechoslovakia at the resort town of Karlsbad.

Actually, Vishinsky, apparently knowing he was to be named foreign minister, came to Czechoslovakia not only to rest but to look into activities in a country which the Politburo considers the weak link in the satellite chain around the iron curtain. . .Gottwald confirmed Moscow's suspicions by flatly refusing Russia's request that he take back into Czechoslovakia some 300,000 Sudeten, Germans expelled by the Czechs into the eastern zone of Germany. This was the last straw as far as Vishinsky was concerned, and he has recommended that Gottwald be liquidated.

Rent Control Lobby.

THE real estate lobby is peppering newspapers with "letters-to-the-editor" in a campaign to build up public opinion against rent control. Recently the Newark evening news published a letter signed by Sarah H. Terriel of Asbury Park, N. J., who protested against the harships imposed on her by rent control.

The same letter also appeared in the New York Herald-Tribune, signed by Sarah H. Terriel. Then it appeared again in the New York Daily News. But perhaps because the News has a large Jewish circulation, this time it was signed, "Sarah H. Levine." An investigation revealed that neither person existed.

Tip To Truman.

FRIENDS have sent the White House the following: once there lived a Mohammedan village philosopher, Nastradin Hotza, whose wise sayings have become a by-word in the Middle East among Christians, Mohammedans and Jews.

When Nastradin was once invited to deliver the Friday evening prayer before the sultan's representative, he mounted the minaret, raised his arms toward heaven, and said: "Almighty Allah, I pray help this humble servant of yours to live according to thy law, and guide his footsteps in the path of righteousness. Above all, O Allah, I pray protect me from my friends". . .Worshipers later inquired of Nastradin why he did not ask Allah to protect him from his enemies, as was the usual custom in Mohammedan prayers. Nastradin replied: "I can protect myself from my enemies, but only Allah can protect me from my friends". . .Forello La Guardina, one of the greatest public servants of our time, used to say: "my chief qualification for office is my monumental ingratitude to my friends."

* * *

Rent Warning.

CIO Vice President James Carey is telling the senate banking committee that the nation faces another boost in rents unless the senate puts some criminal enforcement teeth in the rent control bill. . .Carey claims that the house rent control bill is a half-baked compromise with the real estate lobby, inviting widespread noncomplicance by the big landlords. . .If it becomes law and the rents of working people are increased, the CIO leading warns, labor will retaliate with a fifth round of wage-increase demands.

Exit American Commies.

THE FBI now has detailed information that certain leading American communists are fleeing the country. They are not those who have been indicted in New York, but others of equal or greater importance.

The Americans have been applying to the consulate of one of the most important satellites i New York for permission to settle permanently in Eastern Europe. . .However, Moscow has sent orders which the FBI knows about, telling the American comies to stay here and participate in the "class struggle."

When Texans 'Get Mad'

By INEZ ROBB

AUSTIN, Texas—On the wide lawns of Texas' impressive state capitol a handsome monument to the Confederacy is shaded by elms just bursting into pale green bud.

Its dedication avoids mention of the bitter north-south conflict even as "The War Between the States." The legend on the face of the shaft reads simply:

DIED
FOR STATES RIGHTS
GUARANTEED UNDER
THE CONSTITUTION

Now, almost 90 years later, Texans are preparing to ride again in defense of what they conceive to be states rights. Texas officials and people are girding themselves for a last ditch fight for a treasure valued as high as ten billion dollars.

That treasure is the oil and minerals under Texas tidelands to which the federal government is seeking title and ownership.

During the last week of March or the first of April, the United States Supreme Court is expected to hold a preliminary hearing which is the government's opening gun in its fight to transfer ownership of tidelands from the states to Uncle Sam.

Texas is determined to keep these marginal lands comprising the continental shelf in the Gulf of Mexico adjacent to her shores. Under these marginal lands Bascom Giles, state commissioner of the general land office, believes there is "probably the greatest undeveloped oil reserve in the world today" — an incalculable treasure in either money or in the world struggle for power.

Texans are fightin' mad at what they interpret as the United States horning in on Texas territory. And all the world knows what happens when Texans get mad.

* * *

That Word, "Secede".

ALREADY, the word "secede" has been hurled into the hot air by Giles, a big, handsome man who stands six feet three and who looks as every outsider thinks a Texan should look.

And already Gov. Beauford H. Jester, a man with the head of a Roman senator, opines thoughtfully that Texas would probably be a lot better off as an independent republic, as she was in the glorious years from 1836 to '46, before she voluntarily consented to annexation with the United States.

But Price Daniel, attorney general of Texas, who will represent the state in the Supreme Court hearing, smilingly says that win or lose, Texas will be in the union when the tidelands question is settled.

The ownership of the marginal lands adjacent to her shores is a passionate question in Texas. There is now a bill before the legislature to appropriate $100,000 to pay legal expenses in the case.

This is but a drop in the bucket to what Texas is prepared to spend to defend her cause, which Texans honestly view in the light of states rights. A treasure of ten billions — perhaps more, perhaps less—is involved. But to the average Texan, states rights is again the issue as it was in 1861-65.

If Texas is ever forced to fight in the Supreme Court for the marginal lands in the continental shelf she will base a large part of her case on a fascinating point of law.

Texas, as a republic and a sovereign nation, entered the United States under an agreement—old Texans call it a treaty—of annexation. That agreement between the republic of Texas and the United States placed the Gulf Coast border of Texas not at the usual three mile limit but at "three marine leagues"—or ten and a half miles off shore.

On that, Texas and Texans proudly stand.

"If the federal government breaks one proviso of the treaty of annexation, does it not break all of them?" asks Giles, who scorns the term "annexation agreement."

Giles asks that question with wicked and pointed glee.

Because if the legal answer is "Yes," would not Texas once more revert to a sovereign state or the republic of Texas?

And then, what would her 47 poor relations—the rest of the sovereign states—do?

Farmer's Diary

Watching Nature Unfold

By CALVIN A. BYERS

WHEN Ralph Waldo Emerson was very old, he looked out the window on a June day and noticed a rose so fragrant that its perfume scented the entire lawn. He said slowly to a friend. "That rose delights me so, that I feel like taking off my hat to it." He did so, with a worshipful demeanor. Emerson was the philosopher who said, "I go to the God of the wood and bring back his word to men."

Sunday was warm and spring-like. I could not forbear to walk slowly and reverently through my neighbor's woods, alone. The frost had heaved the moist soil, saturated with millions of roots and sprouts. With every step I crushed the softened ice and walked on green masses of young plants.

All along the ravine formed by the fast-flowing spring-fed rill, was the flattened leafy floor. Sharp green blades appeared above the drab, brittle forest leaves. I pushed away the layer of woodland mould and strewn upon the crumbly fragrant earth were myriads of white round tender sprouts. These plants were the "spring beauties", just ready to come forth at the first warmth of sun. The pink petals were turned down, red and waiting. I could hardly believe it—for it still was February.

I walked on, then went back and looked again. Finally I gathered a small handful to take home and show my wife. Then I felt better. I knew their presence would be almost more than she could believe.

Snow squalls of early March will touch and chill these tender sylvan plants. Here, by a stump, with granulated rotted bark, I spied the hairy stem of the lavendar hepatica. The leaves trailed in the frost. I searched awhile, and finally was rewarded by the upturned face of a bloom, half hidden near the spring.

A wee portion of the blue sky seemed to have fallen, to adorn the awakening hour of the fragrant woods floor. Tomorrow, beneath the chill of snow, these will quiver with the murmur of the brook and the roar of forest trees.

To see the unfolding of the annual miracle is to me a rare delightful privilege. To write of it is to enjoy it all over again. Poets do not agree. One says, 'Nature doth make mystics of us all;" another, "I praise indifferent Nature, affable to all philosophies, of each unknown; ungrudging, her large feast for all provides. In each man's heart she sets the proper tool, "For the wise Wisdom; Folly for the fool."

Clyde Talley Heads Newly Formed Club

ASHLAND — Clyde Talley is newly elected president of Ashland's newest civic organization, the Optimist club.

Other new officers include L. S. Mc Nary and C. B. Myers jr., vice presidents; Donald Bettac, secretary, treasurer; Dr. C. F. Gibbons, sergeant-at-arms.

Elected to the executive board are William Austin, M. A. Patrick, Raymond Sponsler, for one year terms, Max Finberg, I. W. Parry, jr. and Clarence J. Welsh two year terms.

Installation of officers will take place at charter night ceremonies March 17 at the Richland Recreation Center.

Attorney Retains Post On Holmes Health Unit

MILLERSBURG — William C Pyers, local attorney, was re-elected a member of the Holmes county Health department for five years. The action was taken at a joint meeting here Saturday of the advisory council, village mayors and chairmen of incorporated towns of Holmes.

A recommendation was made that teeth be put into the Bangs provision preventing sale of dairy products from Bangs infected herbs. The local campaign against infected cattle needs countywide support to be effective, the health commissioner, Dr. A. J. Barney, was told.

Temperance Crusade Held 75 Years Ago In Bucyrus

BUCYRUS — Events that transpired here 75 years ago were recalled last week with the advent of March.

The first meeting for the woment's temperance crusade was held here on March 1, 1874. The crusade swept over Ohio in the early months of 1874 and cities throughout the state now are observing the diamond jubilee, or 75th anniversary of the historical crusade.

Martin Deal, temperance leader, spoke in the Methodist church here on March 1, 1874, it was disclosed in a diary kept by one Bucyrian. The March 2 entry notes a temperance-prayer meeting in the church for interested citizens.

Rowse hall was crowded on March 3 as a public meeting was held there. Deal is recalled as one of Bucyrus' wealthy manufacturers who at one time owned three corners of the Public square. He later built his family home the large brick residence which now houses the Y.M.C.A. and to which a front has been added.

His wife was first president of the local Women's Temperance Union which was organized three years after the crusade. Thomas Prat Hopley, secretary of the crusade committee, later became state secretary of the Ohio Prohibition party and conducted the campaign in 1882 when Ferdinand Schumacher, Akron gubernatorial candidate, polled the largest vote ever cast for the Prohibition ticket in Ohio.

At that time Schumacher was president of the Quaker Oats company and afterwards was named president of the American Cereal company, with headquarters in Chicago.

Read This Before You Cash a Check

AT ALMOST regular intervals through the years a news item tells about one or more Mansfield business firms cashing bogus checks, and time after time there has been the warning that what looks like a check has no more value than a piece of blank paper, unless it is presented by someone who is known to the person or firm cashing it, and whose reliability is above suspicion.

Over the past week-end, it appears, fifteen worthless checks—each for the considerable sum of $97.82—were worked off in local bars, and the only explanation seems to be that those who took the bad checks had never read the frequently repeated warnings against such costly carelessness.

So here it is again: Don't ever cash a check for a stranger to whom you would refuse to give or loan the amount for which the check is written. And a stranger presenting a check should be prepared to establish identification, rather than being offended when asked to do so.

Colored Oleo, Maybe, Maybe Not

IT WILL NOW be up to the lower house of the Ohio legislature to say yes or no on the initiated bill to permit the sale of colored oleomargarine in this state.

By a reversal of its last week's action the state senate has approved the measure, 18 to 14, and it will now go to the lower house for action, with a quite general impression that dairy interests will succeed in retaining the ban on colored oleo, despite strong favorable sentiment that has been evidenced over the state.

Next move, in the event of legislative disapproval, will be to secure a sufficient additional number of signatures to place the proposal on the ballot at next November's election, in the confident belief that it will be given majority approval.

Odom Succeeds After 'Trying Again'

THOROUGHLY EXHAUSTED, but happy over his accomplishment, Bill Odom landed at the Teterboro, N. J., airport yesterday noon with a coveted new record to his credit.

He had flown a small plane solo, non-stop from Honolulu, a distance of 5,000 miles, in 36 hours, thus succeeding in what he started out to do last January when he got no further than Oakland, Calif.

Whether this record means anything in particular in the field of aviation, the grim determination of 29-year-old Bill Odom in carrying through to the finish of his self-assigned task, merits commendation as an exhibition of the American spirit at its best

Thirty-six hours of continuous wide-awakeness and constant attentiveness to his job was required of this young man to complete what he started out to do. This shouldn't often be necessary in any line of endeavor but it is gratifying to know that there are some who place achievement above consideration of personal comfort and easy work.

Those Ridiculous Pyramid Clubs

WHILE some Ohio cities have become stirred up over Pyramid club activities and have sought ways to protect people against being victimized by this latest "get-rich-quick" racket, Governor Lausche has rather sensibly decided to let the scheme run its course instead of attempting to find laws that would stop it

It appears all that is necessary to join a Pyramid club is to contribute one dollar and then get two acquaintances to contribute a dollar each, and so on and on until contributions amount to around $2,000, which goes to the first member, thus continuing until a couple of thousand dollars is received by each member—which gets into geometrical progression in such a staggering way that even the entire population of the country would be unable—at a dollar each—to pay off more than a small fraction of the contributors.

Only the racketeering promoters are in position to cash in on the swindle, and as it is no more than one dollar each that innocent and gullible persons are likely to lose the lesson may be regarded as worth its cost

'Helping Hand' Tradition Revived

IN EARLY DAYS it was a common sight to see neighbors band together to help each other Barns were built, crops harvested, land cleared and numerous other heavy tasks were accomplished in a few hours instead of weeks or months. It was done in an atmosphere of spontaneous fun The neighbors simply dropped in for a raising bee, a husking bee, or whatever the occasion required, with their wagons loaded with food

These work parties were a necessity in pioneer America But it is cheering to note that this tradition is still with us in this machine age A recent news item tells of a service station operator in a small Minnesota community who had an unusual run of bad luck

His competitors decided to help him out. They closed their stations one Sunday and took over the job of manning his cash register and pumps to handle the sudden rush of business Many people refused change, and the supplier, which was one of the leading oil companies, furnished gas at cost

When the day was over the station operator was considerably better off financially and he had gained a new appreciation of his friends and neighbors

Remember, week after next is the time for that haircut you deferred from week before last because of the $1 25 price—or are you planning to be out of town early in April?

For those who are interested, announcement of a slight drop in the price of Cadillacs is probably cheering.

Washington Calling

Veteran Faces Obstacle

By MARQUIS CHILDS

WASHINGTON — In the long days and nights of waiting and boredom, in the tense intervals between combat, a lot of young men in the last war thought about what they wanted to do when they got back home Many dreamed about starting a little business that might become a good size business. They were tired of being ordered around, they wanted to be their own boss

One who came back with that dream was Lewis C. Burwell jr., of Charlotte, North Carolina. He had a very definite idea of the business he wanted to start.

Having been a combat pilot for most of the war—ten combat citations and three distinguished flying crosses—he wanted to stay in aviation. His idea was for an airline that would take tourists on all-expense excursion trips.

Burwell formed Resort Airlines Stock was sold, most of it to veterans, some of it to wealthy men who thought well of the proposal. Working intensively, the young promoter got operating safety certificates from the United States, Canada, Mexico and most of the Caribbean and Central American countries

It was soon apparent the idea would take hold with the public. In the summer, Resort Airlines carried parties to the American west and the Canadian northwest. In the winter, the tours were to the Caribbean and Central America.

* * *

Appreciated By Patrons.

MOST of Burwell's customers were people who had never flown before or who had never taken a long trip. They liked having everything done for them—hotel reservations, air schedules, the whole thing wrapped up in one package at reasonable cost.

Before long, Resort Airlines had three DC-4s and seven DC-3s It was a going concern. The dream seemed to have come true.

Then Burwell began to have trouble with the Civil Aeronautics Board. The temporary operating authority issued by the CAB was modified. A long series of negotiations with the tourists industry, studies, hearings, briefs and, finally, a report by the trial examiner cost the company approximately $150,000.

After eight months, a trial examiner recommended a certificate of public convenience and necessity for Resort. Exceptions were filed, including the protests of the big scheduled airlines. Their spokesmen argued that Resort was taking business they would otherwise have.

Burwell's reply is that most of his passengers are new to travel and they would not be likely to make their own reservations and take themselves from place to place. Having once made an all-expense, conducted tour, however, they are far more liable to go again on their own.

In spite of the constant struggle with government red tape, Burwell could point to the fact his line had flown 25,000-000 passenger-miles without an accident of any sort He could also point out that Resort had voluntarily adopted the same safety standards as the big lines. and in some instances the requirements were higher

If ever there was an example of small business, of enterprise, of ingenuity, of hard work, this seems to me to be it. Yet now Resort, along with all other unscheduled lines—most of them operated by veterans—are shut down by a CAB order.

The other day the CAB awarded the scheduled lines an additional $8,000,000 in subsidy. The unscheduled lines get no subsidy and have never asked for one.

The drive originating with the big lines is to cut down competition. The small lines are trying to present their case to the government and the public, but they are handicapped by lack of funds.

Resort, unlike most unscheduled lines which have no foreign ports of call, has one final appeal That is to the White House.

Frankly Speaking

Lowdown On Filibusters

By JAMES MARLOW

WASHINGTON — Here's an ABC on the Senate filibuster fight which gets up a head of steam this week.

Several things are involved. The fate of President Truman's civil rights program; the ability, or failure, of southern Democrats to block it, and the right, or ability, of a minority to block the will of a majority

A filibuster—unlimited speechmaking—happens only in the Senate, never in the House. There's a House rule limiting debate. Not in the Senate.

And there are two kinds of filibusters By an individual senator, or a group of senators filibustering in relays. Example

An individual is against a bill the rest of the Senate wants to pass He knows he can't talk more than 15 or 20 hours straight without dropping from exhaustion.

And when that happens, he knows, the patient Senate will then pass the bill Still, wanting to register his protest, he filibusters This one man stand means nothing

It's the relay kind that counts When a group of senators, say 25, wants to prevent the rest of the 96 senators from voting on something like the President's civil rights program.

This minority, talking in relays, can go on for weeks or months while all other Senate business stops and piles up

If this goes on long enough, the Senate may have to cast aside, for lack of time, some of the other important bills it hoped to pass.

* * *

Difficult To Stop.

A FILIBUSTER can be stopped, though, in two ways

1. By letting the minority win. This is when the majority finally agrees to drop the bill that caused the filibuster. When that occurs, the particular bill is dead for the rest of the session.

2 By beating the minority and breaking the filibuster. This happens when two-thirds of the senators vote to shut off the filibuster by limiting debate. But—

That seldom happens, A two-thirds vote of the Senate to halt a filibuster is hard to get. Senators, as a group, prize their freedom to talk without limit.

The argument "Some day I may be opposed to something and want to filibuster If I shut off somebody's filibuster now, mine may be shut off some other time"

The southern Democratic senators, although members of Mr. Truman's own party, long ago announced they'd filibuster to prevent Mr. Truman's civil rights program from passing.

Mr Truman intended this program to be of particular benefit to Negroes. Mr. Truman and his aides decided to have a showdown on whether the program could get through the Senate

The Senate now has reached the showdown stage Whether enough senators will vote to shut off a southern filibuster. (The big issue is a proposed rules change which would permit a two-thirds vote to shut off debate on a motion. Such a vote now can stop debate on an actual bill The business before the Senate now is a motion to take up the proposed rules change)

In passing an ordinary bill, only a majority Senate vote is needed

As Others See It

Vishinsky Plans Crackdown On Czechs

By DREW PEARSON

WASHINGTON — Sensational developments are expected in Czechoslovakia following Vishinsky's appointment as Russian foreign minister. . .The U. S. embassy in prague reports Vishinsky has definitely decided that Czech communists are too independent and that Klement Gottwald, the present communist boss of Czechoslovakia, must be purged. It's feared he will become another Tito. . .Vishinsky is reported to have reached this conclusion during his three-week so-called "vacation" in Czechoslovakia at the resort town of Karlsbad.

Actually, Vishinsky, apparently knowing he was to be named foreign minister, came to Czechoslovakia not only to rest but to look into activities in a country which the Politburo considers the weak link in the satellite chain around the iron curtain. . .Gottwald confirmed Moscow's suspicions by flatly refusing Russia's request that he take back into Czechoslovakia some 300,000 Sudeten, Germans expelled by the Czechs into the eastern zone of Germany. This was the last straw as far as Vishinsky was concerned, and he has recommended that Gottwald be liquidated

Rent Control Lobby.

THE real estate lobby is peppering newspapers with "letters-to-the-editor" in a campaign to build up public opinion against rent control. Recently the Newark evening news published a letter signed by Sarah H. Terriel of Asbury Park, N. J., who protested against the harships imposed on her by rent control.

The same letter also appeared in the New York Herald-Tribune, signed by Sarah H. Terriel Then it appeared again in the New York Daily News But perhaps because the News has a large Jewish circulation, this time it was signed, "Sarah H. Levine." An investigation revealed that neither person existed.

Tip To Truman.

FRIENDS have sent the White House the following: once there lived a Mohammedan village philosopher, Nastradin Hotza, whose wise sayings have become a by-word in the Middle East among Christians, Mohammedans and Jews.

When Nastradin was once invited to deliver the Friday evening prayer before the sultan's representative, he mounted the minaret, raised his arms toward heaven, and said: "Almighty Allah, I pray help this humble servant of yours to live according to thy law, and guide his footsteps in the path of righteousness. Above all, O Allah, I pray protect me from my friends". . Worshipers later inquired of Nastradin why he did not ask Allah to protect him from his enemies, as was the usual custom in Mohammedan prayers. Nastradin replied: "I can protect myself from my enemies, but only Allah can protect me from my friends". . Forello La Guardina, one of the greatest public servants of our time, used to say "my chief qualification for office is my monumental ingratitude to my friends."

Lagging Latin Relations.

SECRETARY of State Acheson isn't advertising it, but he's extremely worried about out badly deteriorated good neighbor policy in Latin Ameri . .Acheson thinks relations with the American republics have been disgracefully neglected of late, has told top assistants it's time the United States starts paying closer attention to what is going on in our own front yard . .Meanwhile, not even an assistant secretary of state is entrusted to handle Latin American relations—the last such expert, Spruille Braden, having been forced to quit by General Marshall because Braden was too hard on dictator Peron of Argentina. . .Acheson has now decided to remedy this by reviving the position of assistant secretary of state for Latin America.

* * *

Rent Warning.

CIO Vice President James Carey is telling the senate banking committee that the nation faces another boost in rents unless the senate puts some criminal enforcement teeth in the rent control bill. . .Carey claims that the house rent control bill is a half-baked compromise with the real estate lobby, inviting widespread noncompliance by the big landlords. . If it becomes law and the rents of working people are increased, the CIO leading warns, labor will retaliate with a fifth round of wage-increase demands.

Exit American Commies.

THE FBI now has detailed information that certain leading American communists are fleeing the country. They are not those who have been indicted in New York, but others of equal or greater importance.

The Americans have been applying to the consulate of one of the most important satellites in New York for permission to settle permanently in Eastern Europe . .However, Moscow has sent orders which the FBI knows about, telling the American comrades to stay here and participate in the "class struggle."

When Texans 'Get Mad'

By INEZ ROBB

AUSTIN, Texas—On the wide lawns of Texas' impressive state capitol a handsome monument to the Confederacy is shaded by elms just bursting into pale green bud.

Its dedication avoids mention of the bitter north-south conflict even as "The War Between the States." The legend on the face of the shaft reads simply:

DIED
FOR STATES RIGHTS
GUARANTEED UNDER
THE CONSTITUTION

Now, almost 90 years later, Texans are preparing to ride again in defense of what they conceive to be states rights. Texas officials and people are girding themselves for a last ditch fight for a treasure valued as high as ten billion dollars.

That treasure is the oil and minerals under Texas tidelands to which the federal government is seeking title and ownership.

During the last week of March or the first of April, the United States Supreme Court is expected to hold a preliminary hearing which is the government's opening gun in its fight to transfer ownership of tidelands from the states to Uncle Sam.

Texas is determined to keep these marginal lands comprising the continental shelf in the Gulf of Mexico adjacent to her shores. Under these marginal lands Bascom Giles, state commissioner of the general land office, believes there is "probably the greatest undeveloped oil reserve in the world today" — an incalculable treasure in either money or in the world struggle for power.

Texans are fightin' mad at what they interpret as the United States horning in on Texas territory And all the world knows what happens when Texans get mad.

* * *

That Word, "Secede".

ALREADY, the word "secede" has been hurled into the hot air by Giles, a big, handsome man who stands six feet three and who looks as every outsider thinks a Texan should look

And already Gov. Beauford H Jester, a man with the head of a Roman senator, opines thoughtfully that Texas would probably be a lot better off as an independent republic, as she was in the glorious years from 1836 to '46, before she voluntarily consented to annexation with the United States.

But Price Daniel, attorney general of Texas, who will represent the state in the Supreme Court hearing, smilingly says that win or lose, Texas will be in the union when the tidelands question is settled.

The ownership of the marginal lands adjacent to her shores is a passionate question in Texas. There is now a bill before the legislature to appropriate $100,-000 to pay legal expenses in the case

This is but a drop in the bucket to what Texas is prepared to spend to defend her cause, which Texans honestly view in the light of states rights. A treasure of ten billions — perhaps more, perhaps less—is involved But to the average Texan, states rights is again the issue as it was in 1861-65.

If Texas is ever forced to fight in the Supreme Court for the marginal lands in the continental shelf she will base a large part of her case on a fascinating point of law.

Texas, as a republic and a sovereign nation, entered the United States under an agreement—old Texans call it a treaty—of annexation. That agreement between the republic of Texas and the United States placed the Gulf Coast border of Texas not at the usual three mile limit but at "three marine leagues"—or ten and a half miles off shore.

On that, Texas and Texans proudly stand.

"If the federal government breaks one proviso of the treary of annexation, does it not break all of them?" asks Giles, who scorns the term "annexation agreement"

Giles asks that question with wicked and pointed glee.

Because if the legal answer is "Yes," would not Texas once more revert to a sovereign state or the republic of Texas?

And then, what would her 47 poor relations—the rest of the sovereign states—do?

Watching Nature Unfold

By CALVIN A. BYERS

WHEN Ralph Waldo Emerson was very old, he looked out the window on a June day and noticed a rose so fragrant that its perfume scented the entire lawn. He said slowly to a friend, "That rose delights me so, that I feel like taking off my hat to it." He did so, with a worshipful demeanor. Emerson was the philosopher who said, "I go to the God of the wood and bring back his word to men."

Sunday was warm and springlike. I could not forbear to walk slowly and reverently through my neighbor's woods, alone. The frost had heaved the moist soil, saturated with millions of roots and sprouts. With every step I crushed the softened ice and walked on green masses of young plants

All along the ravine formed by the fast-flowing spring-fed rill, was the flattened leafy floor. Sharp green blades appeared above the drab, brittle forest leaves. I pushed away the layer of woodland mould and strewn upon the crumbly fragrant earth were myriads of white round tender sprouts. These plants were the "spring beauties", just ready to come forth at the first warmth of sun. The pink petals were turned down, red and waiting I could hardly believe it—for it still was February.

I walked on, then went back and looked again. Finally I gathered a small handful to take home and show my wife. Then I felt better. I knew their presence would be almost more than she could believe.

Snow squalls of early March will touch and chill these tender sylvan plants. Here, by a stump, with granulated rotted bark, I spied the hairy stem of the lavendar hepatica. The leaves trailed in the frost. I searched awhile, and finally was rewarded by the upturned face of a bloom, half hidden near the spring.

A wee portion of the blue sky seemed to have fallen, to adorn the awakening hour of the fragrant woods floor. Tomorrow, beneath the chill of snow, these will quiver with the murmur of the brook and the roar of forest trees.

To see the unfolding of the annual miracle is to me a rare delightful privilege. To write of it is to enjoy it all over again Poets do not agree. One says, 'Nature doth make mystics of us all;" another, "I praise indifferent Nature, affable to all philosophies, of each unknown; ungrudging, her large feast for all provides In each man's heart she sets the proper tool, "For the wise Wisdom; Folly for the fool."

Attorney Retains Post On Holmes Health Unit

MILLERSBURG — William C Pyers, local attorney, was re-elected a member of the Holmes county Health department for five years. The action was taken at a joint meeting here Saturday of the advisory council, village mayors and chairmen of incorporated towns of Holmes.

A recommendation was made that teeth be put into the Bangs provision preventing sale of dairy products from Bangs infected herbs The local campaign against infected cattle needs countywide support to be effective, the health commissioner, Dr. A. J. Barney, was told.

Temperance Crusade Held 75 Years Ago In Bucyrus

BUCYRUS — Events that transpired here 75 years ago were recalled last week with the advent of March.

The first meeting for the woment's temperance crusade was held here on March 1, 1874. The crusade swept over Ohio in the early months of 1874 and cities throughout the state now are observing the diamond jubilee, or 75th anniversary of the historical crusade.

Martin Deal, temperance leader, spoke in the Methodist church here on March 1, 1874, it was disclosed in a diary kept by one Bucyrian. The March 2 entry notes a temperance-prayer meeting in the church for interested citizens.

Rowse hall was crowded on March 3 as a public meeting was held there. Deal is recalled as one of Bucyrus' wealthy manufacturers who at one time owned three corners of the Public square. He later built his family home the large brick residence which now houses the Y.M.C.A. and to which a front has been added.

His wife was first president of the local Women's Temperance Union which was organized three years after the crusade. Thomas Prat Hopley, secretary of the crusade committee, later became state secretary of the Ohio Prohibition party and conducted the campaign in 1882 when Ferdinand Schumacher, Akron gubernatorial candidate, polled the largest vote ever cast for the Prohibition ticket in Ohio.

At that time Schumacher was president of the Quaker Oats company and afterwards was named president of the American Cereal company, with headquarters in Chicago.

TREBLE CHOIR FEATURE OF JOINT SESSION'S PROGRAM

Miss Betty Pagnard Directs Choir at Women's Association and Pilgrim Guild Meeting.

SIXTY-FIVE MEMBERS and guests were present at the joint session of the Women's Association and Pilgrim Guild of the First Congregational church held last evening in the parish house.

The long tables were decorated in the St. Patrick's theme, using shamrocks and candles throughout the room.

The program featured the Treble choir under the direction of Miss Betty Pagnard. They sang three selections, accompanied by Miss Louise Krause. "Buttons and Bows," "In My Merry Oldsmobile," "Lavendar Blue" and "The Cat Song" were Sung by the sextette.

Hostesses for the meeting were Mrs. Kenneth Cadigan, chairman; Mrs. James Rice, Mrs. W. L. Scheifley, Mrs. C. R. Disler, Mrs. Warren Rupp, Mrs. Arthur Korn, Mrs. W. B. Hallum, Mrs. Derl Arehart, Mrs. Willis Carto, Mrs. George Norton, and Mrs. Herbert Lombard.

On April 2 the Women's Association will meet for a 1 o'clock luncheon at the parish house. Mrs. Elwyn Owens will be the guest speaker.

Pilgrim Guild members will meet April 12 at the parish house for a 1 o'clock luncheon. Mrs. C. E. Dewald is scheduled for their guest speaker.

Carmin Jean McIntire Wed To Richard Irwin Kirkpatrick

DURING a QUIET CEREMONY yesterday afternoon at 2 o'clock, Miss Carmin Jean McIntire became the bride of Richard Irwin Kirkpatrick. The wedding vows were spoken before the altar in the Main Street Methodist church in Lafayette, O. The Rev. Glenn F. Lockard officiated for the double ring ceremony.

Miss McIntire, who has been residing at 104½ West Second street, is the daughter of Mr. and Mrs. Harvey R. McIntire, Fredericktown, and Mr. Kirkpatrick is the son of Mr. and Mrs. William A. Kirkpatrick, Mt. Vernon, Ohio.

The bride was attired in a dull maize wool gabardine suit with a matching felt hat trimmed with sweetheart roses and forget-me-nots. She wore brown alligator accessories. Miss McIntire's shoulder corsage was of sweetheaft roses and blue forget-me-nots to match the hat flowers.

Miss Dorotha McIntire, sister of the bride, was her only attendant. She wore an orchid wool crepe suit with a brown straw hat trimmed with orchid and pink flowers. Her other accessories were brown lizard. A corsage of Johanna Hill rosebuds completed her ensemble.

Charles Baldwin, close friend of the bridegroom, served as best man.

For her honeymoon to an undisclosed destination, the new Mrs. Kirkpatrick wore her wedding costume topped with a saddle brown coat.

Upon their return they will reside at 104½ West Second street.

Mrs. Kirkpatrick, a graduate of the Fredericktown high school, is a secretary at the Westinghouse Electric corporation. Mr. Kirkpatrick, also a graduate of Fredericktown high school, will report to duty in the Army Air Force Weather Observation Tech School, Chanute Field, Illinois.

Mrs. Ferdinand Fox Makes Record For Sorosis Club

THE MANSFIELD SOROSIS met at the Women's Club Tuesday evening with Mrs. Earl Paxton as hostess. During the business meeting it was voted to make a donation to the Memorial park maintenance fund.

A record was presented to the club, by Mrs. Charles McClure, who is the daughter of a charter member, Mrs. Ferdinand Fox of Cleveland. Mrs. Fox made the record when she was a guest of the Mansfield Sorosis at the George Washington birthday party Feb. 22. She told, on the record, the history of Washington birthday parties throughout the sixty-two years of the Sorosis club.

"At first," she said, "the parties were merely for entertainment. But as the years went on the parties became more and more patriotic in theme until today the committee in charge always tries to find some inspirational speaker for the parties and so combine the party atmosphere with a patriotic one."

The club has been adding to its collection of records made by outstanding members, for some time.

Roll call was answered with a humorous story from each member. The next meeting will be held March 22 at the Women's club at 7:30 p. m. Mrs. Charles McClure will be hostess. The speaker will be Miss Ruth Culbertson whose topic is "Psychiatry-The New Healer." Roll call will be answered by relating strange happenings.

Committee To Nominate Officers

Mrs. Charles Birdsong conducted the devotions at the meeting of Circle Three of the Park avenue Baptist church. The program was in charge of Mrs. W. M. Taylor, who used as her topic "Stewardship."

The nominating committee appointed by the president consists of Mrs. Wayne Williams, Miss Edna Boswell and Mrs. Taylor.

Refreshments were served by the hostesses, Mrs. Williams and Mrs. Paul Birmelin. They arranged the table in the St. Patrick's day theme.

On April 5 the group will hold their next meeting.

Service Guild Convenes For Election

The Christian Service Guild of the First Evangelical United Brethren church met last night at the home of Mrs. William Schauss, Vernon road. The hostess was assisted by Mrs. Alfred Kirchbaum.

Devotions were conducted by Mrs. W. W. Blauser and Miss Miriam Johnson who used for their topic, "Twilight or Dawn in China". Election of officers was conducted during the business meeting. With the following named: president, Mrs. Harry McBride, secretary, Mrs. Raymond Oyler jr., treasurer, Mrs. Fuller Dunson.

Spiritual life secretary is Miss Marguerite Schwan. Missionary education secretary is Mrs. Naomi Nicholson and Mrs. W. W. Blauser is the new social relations secretary.

The next meeting will be a birthday banquet, April 12, at 6:30 p. m. at the Farm House on West Fourth street road.

Horoscope

By GENEVIEVE KEMBLE
For Thursday, March 10

A crisis of major significance is shown for the concentrated marshalling of all the forces, faculties, funds and resources in possibly one grand splurge, having all the elements of a so-called "grand slam" or sensational gamble. While the stakes are high, so is the prospect of chance, in which proportionate risk or plunge might have a measure of public attention. Or it may be those in high places may be attracted by exceptional audacity, ingenuity, enterprise or brazen ambition or aspiration. In any event, the sensational culmination finds happy personal reaction, public and private. With due precaution, joy and mirth prevail.

For the Birthday

Those whose birthday it is, may prepare for a year of thrilling and perhaps sensational crises of more than passing interest. While there is presage of a productive and progressive situation or opening of importance, with gain, honors, and even renown, yet the element of chance predominates in all the aspirations and objectives.

TO PLAN PARTY

The Academy of Friendship, Women of the Moose, will meet tonight at 7:30 at the Moose Home to discuss plans for a party for all new members taken in to the organization from December to April. Hostesses will be Mrs. Michael Marvicsin, Mrs. Thomas Hempfield and Mrs. Fred Robison.

HERE'S A SUGGESTION for that "something different" for a dessert party, to top off a dinner for guests — or for a special treat for the family—a cherry upside down cake gaily garnished with maraschino cherry flowerlets.

The cake is an interesting combination of quick-mix cake and a rosy and flavorful maraschino cherry juice topping. As delicious as is the topping, however, the dessert will be a success only if the cake is delicately light and fine-textured. Secret of this texture in the quick-mix or one-bowl cake recipe or in any type of cake is the use of a special quick-mix shortening.

Cherry Upside Down Cake

Yield: 8 x 8-inch cake. . . .
¼ cup Swift'ning
1¼ cups sifted cake flour
¾ cup sugar
2 teaspoons double acting baking powder
½ teaspoon salt
½ cup milk
½ teaspoon vanilla
1 egg

Topping:

3 tablespoons butter or fortified margarine
2 tablespoons maraschino cherry juice
½ cup sugar
Maraschino cherries

Place Swift'ning in bowl. Sift together flour, sugar, baking powder, and salt into bowl. Add two-thirds of milk and vanilla. Beat 2 minutes on medium speed of electric mixer, or by hand, using 150 strokes per minute. Throughout mixing time keep batter scraped from sides and bottom of bowl with rubber scraper. Scrape bowl and beaters. Add egg and remaining milk. Beat for 2 additional minutes. Scrape bowl and beaters.

To make topping, combine butter, cherry juice, and sugar in saucepan. Heat until butter is melted and stir to combine ingredients. Pour into 8 x 8-inch cake pan. Pour cake batter over topping. Bake in moderate oven (350 degrees F.) about 40 minutes, or until done. Invert on cake plate while hot. Garnish

Tell Story Of Alaska

Mansfield Rotarians yesterday were treated to a "camera-eye view" of Alaska by Mr. and Mrs. George Leadbetter, leaders in Alaskan health programs.

Mrs. Leadbetter, a physician, and her husband are founders of the Alaskan Crippled Children's clinic. Mrs. Leadbetter formerly headed an American hospital in Seoul, Korea.

Showing color slides of Alaska from the Yukon to the Aleutian chain, the Leadbetters packed into their half hour talk at the Mansfield-Leland hotel all the beauty and adventure of Alaskan life.

They showed pictures of moose, bear, and sled dogs. Some of the slides showed glaciers and the 20,000 foot high Mt. McKinley. There were photographs of many phases of life in the American territory.

Millard H. Pryor, program chairman introduced the speakers.

New Gyp Game Takes Place of 'Pyramid Clubs' In Columbus

COLUMBUS.— (UP) — A new scheme to replace the fast disappearing pyramid club is making the rounds of Columbus, it was learned today.

The new "game" is known as the "gold rush."

It costs $2 to get into the "gold rush," which is similar to chain letters and the Pyramid club scheme. In 10 days, its promotors claim, a player will receive a 1000 return.

Here is how the new game works:

Somebody comes to the door with a "gold rush" list. On it are 10 names and addresses. To get in, you pay $2 and your name goes at the bottom of the list.

You copy the list and sell copies of it to two friends. You then give the $4 to the two top persons on the list. If the chain of events is kept unbroken, 250 people are supposed to come to you in 10 days. Each of them is supposed to give you $4.

No one has been found yet who has collected the $1000.

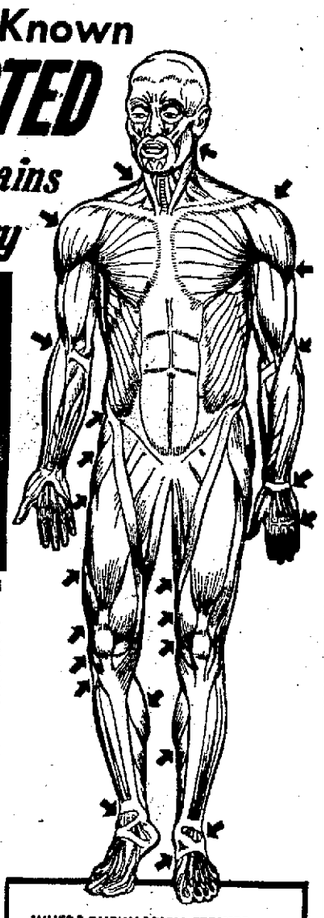
DEVELOPED AFTER 3 YEARS OF EXTENSIVE TESTS IN HOSPITAL CLINICS
IMDRIN has been a closely guarded experimental secret before release for public use. Yes, medical men, after three years of extensive hospital tests, have proved conclusively that IMDRIN works internally toward amazing reduction of pain, heat, redness, and swelling in the joints. Every victim of rheumatism, arthritis, neuritis, sciatica, gout, neuralgia, etc., should investigate this new development of modern medicine. Ask for IMDRIN at drug stores.


WHERE RHEUMATISM STRIKES . . . AND HOW TO DETECT IT!
Rheumatic and arthritic pain and inflammation strikes any of the indicated areas. (See chart above.) But these diseases have many forms and symptoms.
All forms of arthritis and rheumatism are accompanied by pain, very often swelling and loss of function of the joints. Hospital test patients receiving IMDRIN were able to resume more happy active living once the pain subsided and their confidence grew. IMDRIN reduced joint swelling and eased pain rapidly. IMDRIN is your greatest hope. IMDRIN may give you the same blessed results. Get IMDRIN today!
RELIEVES PAIN AND SUFFERING AFTER 20 YEARS OF TORTURE!

"I call IMDRIN a miracle and you can understand why when I tell you that the pain which had tortured and crippled me was gone after I had taken IMDRIN. Now, for the first time in years, I can move about without pain and enjoy life once again. Surely the thousands of unfortunates like me should be happy to learn about the blessed, fast-acting IMDRIN." A. C. Chicago, Illinois

"I had arthritis and rheumatism so bad I could hardly get around. In fact, I went to several doctors who told me that my case was hopeless and that they could do nothing for me. Well, I had about given up hope when I saw your ad in the paper and bought a bottle of IMDRIN. I really think it's a wonder. I feel better with every dose I take. It seems like a dream to be free of so much pain." MRS. A. R. WEBB 311 N. Bryan Street, Amarillo, Texas

"Even though my daughter is a registered nurse she could not find anything to help her agonizing arthritic pains. She tried everything but nothing did her any good. Then she bought IMDRIN and she has had miraculous results. I am going to tell all my friends about the wonderful relief from IMDRIN. It really is an amazing remedy." MRS. C. C. Kunkletown, Pennsylvania
How IMDRIN Helps You!

Hagenbeck Circus On Road Again

Show Repairs Its War Damage

HAMBURG — (AP) — The famous Hagenbeck circus is going on the road again.

The war was rough on the zoo and the circus, which have become known the world over since a Hamburg fishmonger, Gottfried Class Carl Hagenbeck, started them a century ago.

The Hagenbecks owned 5,000 animals in 1939. Only 600 are left. Air raid bombs killed many. In one raid monkeys got away and for days pounced at shoppers on the streets and ran off with their groceries. Some small alligators slithered into lakes and canals but were recaptured.

Parts of the zoo, caught out of the country by the outbreak of war, were dispersed

But currency reform last June started the ball rolling again. The Hagenbecks have acquired 95 orange and yellow wagons and a big top capable of accomodating 4,000 fans Trainers and clowns are back on the job.

The circus will take off for a German tour in April Travel restrictions do not yet permit the circus to leave Germany. So it will be a modest beginning, nothing like the colossal caravans of old

In 1872 a Hagenbeck animal transport followed the tracks of Hannibal over the Alps and the St. Gotthard Pass Once, Hagenbeck transported animals to the court of the Sultan of Morocco. The polar bear arrived in perfect health, but the lion was killed by a sun-stroke

Altogether, the Hagenbecks piled up a milage on world trips approximating the distance to the moon.

About 200 animals will make the April tour Seals will travel in a special tank car. The giraffe, Gretel, has a made-to-order car which can be telescoped to a height of 15 feet.

War scars are still evident at the zoo in Stelligen, a Hamburg suburb. The concrete life-size statues of gigantic prehistoric creatures bear some bomb marks, but they're still awesomely lifelike

The live animals, including three lions, a polar bear and elephants, all look healthy enough. An attendant explains that the Hagenbecks brought in food from nearby farms in Schleswig-Holstein all during the austerity period.

ON MANEUVERS—An invasion of Vieques Island off Puerto Rico is staged above in a most realistic fashion by Marines of the Second Division as they hit the beach from an LST during maneuvers of the Atlantic Command in the Caribbean area. In this phase of the elaborate war games, the "invaders" were scheduled to encounter American troops playing the role of a potential enemy. Shells from protecting guns of the fleet burst on the island as the "attack force" prepared to make a landing on the "hostile" shores. Below, Island Defender Marine Sgt Glenn Huston (left) of Dayton, O, falls captive to two members of an Army-Marine task force that "invaded" Vieques island. His captors are Sgt Carl Holt of Loudon, Tenn., and Pvt. Charles Hall (right) of Clifton Forge, Va.

Ohioans Cut Down

COLUMBUS — (AP) — Ohioans cut down on their smoking and wine drinking in February. But they drank more high powered beer.

The taxation department reported today decreases in excise tax collections on cigarettes, wine and 3.2 beer but an increase for high power beer

February collections were: cigarettes, $1,247,347, a decrease of $5,997.19; beer (3 2), $129 836, decrease of $933 93; high power beer, $1 070 323 increase of $99 303, and wine, $137,362, decrease of $15,281 33.

Percentage decreases in collections for the first two months this year were: cigarettes, 0 5 per cent; 3.2 beer, 7.6, and wine 12.4. High power beer showed a percentage increase of 18 16.

Total excise tax collections so far this year were $5,526,202 20, an increase of $292,347.56 over the same period last year.

DONATION UPS FUND

ORRVILLE — (AP) — A donation by George Dunlap, nationally known publisher, has raised funds collected for a hospital here to $450,000 Sponsors of the drive declined to disclose the amount of his gift, but said he had contributed most of the money collected so far

Ease Requirements

COLUMBUS —(AP)—The Bucket and Dipper, an Ohio State University honorary fraternity, yesterday changed an admittance clause to read "all male students," rather than "all white male students" Fraternity President Herbt Floyd explained "the members felt the clause had no place in an honorary fraternity."

Children's Book Arrivals Hold Interest For All Ages

By Library Staff Member

For the youngest readers this week there is rainbow combination of three books—MY LITTLE BLUE STORYBOOK, MY LITTLE GREEN STORYBOOK and MY LITTLE RED STORYBOOK. All of them are by Odile Ousley and David Russell. Ponies, dogs, airplanes, bunnies, cakes and all sorts of good things are in these books Each book has several stories and all can be read by first graders.

Judith and Caroline Horowitz have added two new titles to their long list of helpful books. These are TREASURY OF PARTIES FOR LITTLE CHILDREN and TREASURY OF PARTIES FOR BOYS AND GIRLS. The first has some general suggestions about parties for small children, and specific ideas for birthday parties, a Mother Goose party, an Easter party, and playground party. The second also has ideas for an Easter party for older children, a St. Patrick's party, a Pirate party and several others.

Dog stories are always popular, any season of the year and with readers of any age GAY A SHETLAND SHEEPDOG, by Margaret Johnson, will satisfy fourth, fifth and sixth grade readers. Gay's training began when she was young and because she was a smart dog she learned fast But, one day while she was still a puppy she slipped into the pen of a fierce old ram and teased him until he rose in anger and chased her. Gay was butted against the sides of the pen-again and again before she could be rescued. That experience made her afraid of sheep. And, what good is a sheep dog who is afraid of sheep? That was a big question and it took a long time to cure Gay of her fear.

Ash Wednesday last week began the Lenten season leading up to Easter. During this time of year many children think more about Jesus and for that reason a new book is offered for Lenten Reading It is LITTLE FOLKS' LIFE OF JESUS by Maj. Lindman. It contains several short page-long stories telling episodes in the life of Christ. The print is large and the words are easy enough for third and fourth graders. Many second graders will be able to read it, too. To go with each short story is a full page picture in soft attractive colors.

For the group of older readers this week's offerings are Margaret Hubbard's PENNYWEATHER LUCK, Clara Judson's LOST VIOLIN and Elsie Singmaster's I HEARD OF A RIVER. The first two are "sort of" mysteries. PENNYWEATHER LUCK is almost all mystery. A great many children if they aren't persistent may give up in the first two or three chapters, however, The Pennyweathers lived in a houseboat shanty on the lower banks of the Mississippi. The things they do, their homes and the things they talk about are strange.

LOST VIOLIN is the story of a Bohemian family that settled in Chicago in the 90's. It is as much the story of their experiences settling in a new land is it is a mystery. However, Anna's wonderful violin was lost the first day and most of the story centers around the search

The third book is mostly for boys, the story of Hannes, who came from Germany over 200 years ago and helped to settle the state of Pennsylvania. This is a story of pioneering and courage, of building and making a new world, a story that should please every red-blooded American boy.

Roger Williams came to America in 1631 aboard the Lyon of Bristol, landing at Boston

Expansion Cost Set at $750,000

3 Richland Plants Built In 3-Year Period

Industrial expansion in Richland county from July, 1945, to June, 1948, cost $750,000 in construction funds, according to figures released by the Ohio Development and Publicity Commission. Three plants were constructed or expanded in the county during that period.

Construction funds of $350,000 and one plant were listed for the second half of 1945, $150,000 and one plant for 1946, and $250,000 and one plant for 1947.

Industrial expansion in Crawford county for the three-year period cost $300,000 for one plant.

Richland county was the 13th ranking county in the state in manufacturing employment in March, 1947, according to the report. Figures of the Ohio Bureau of Unemployment Compensation show 18,689 persons employed in manufacturing firms in Richland county in March, 1947.

Crawford county ranked 31st with 6,058 persons employed in manufacturing firms, Ashland county 32nd with 4,837, and Knox county 33rd with 4,684 in March, 1947.

Richland county also was one of the leading Ohio counties in major war facilities projects in the period from 1940 to 1945, according to the bulletin.

More than $3,200,000 was invested in industrial war facilities projects and more than $6,400,000 in military projects in Richland county in that period.

Welders Hear Engineer

Leon C. Bibber, welding engineer of the Carnegie-Illinois Steel corporation, Pittsburgh, will be the guest speaker at a dinner meeting of the American Welding society, Columbus section, at the Hotel Harding, Marion, at 6:30 p. m. Friday.

Bibber will discuss the effects of welding and other localized heating processes on the finished welded product.

Members of the society will be taken on a tour of the Marion Power Shovel company.

Reservations may be made before 10 a. m. Thursday by calling H. B. Cary, at the Marion Power Shovel company, Marion 2345.

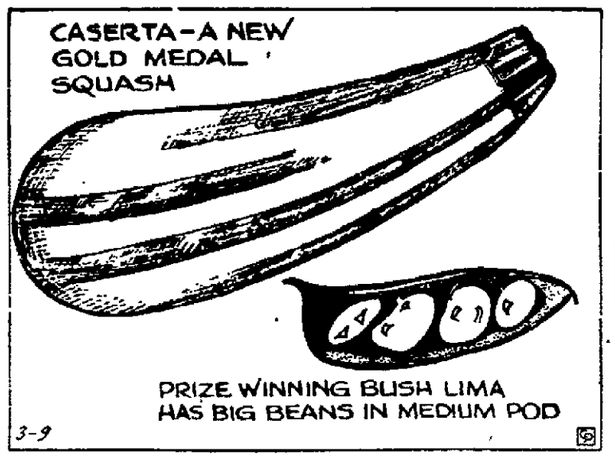
71,000 Sent Home

PARIS— (AP) —The American Graves Registration Command announced today 71,738 bodies of American soldiers killed in World War II have been shipped home to date.

The sixteenth contingent left Antwerp Saturday, when the Haiti Victory departed, carrying the remains of 2,918 war dead.

Today's Garden Graph

Two New Vegetables to Try



By DEAN HALLIDAY

Experienced home gardeners have learned that the best seeds and plants are the cheapest to buy in the long run.

Include in your planting list at least several of the seven superior new vegetables which are All-America selections for this year. The seven were chosen by 20 vegetable crop specialists for better American and Canadian gardens.

Illustrated in the accompanying Garden-Graph is the new squash which has won the first vegetable gold medal since 1935. It is called Caserta.

It is a week or two earlier than the standard Cocozelle. It is of bush form, and is a much heavier bearer than the Cocozelle. Its outside or skin color is more yellow and less regularly striped green than the old variety.

Just a few plants will supply the average family over a long season. You can pick the fruits when they are only a few days old and are about the size of a slender cucumber. They can be served in any way that summer squash may be prepared.

A silver medal winner among the All-America selections is the new bush lima named Triumph. It is a fat-seeded medium lima or butter bean, as illustrated. It averages more beans to the pod and is heavier bearing than the glat, white Baby or Henderson bush lima. It is also easier to pick.

Triumph produces greenish beans, as favorable and thick in proportion to size as Fordhook, and it produces in hot weather when large seeded varieties usually drop their blossoms and fail.

This new lima is delicious picked fresh from the garden and is excellent for canning and freezing and also valuable for dry or shelled beans.

The site of Washington, D. C. was selected in 1791 in a political deal. Northern states consented to the Potomac location in exchange for southern votes to have the national government pay debts incurred by the states during the Revolution.

Board OK's 9 Claims

Nine animal claims were allowed yesterday by the county commissioners. The claims with witnesses' fees, totaled $467.

Payments come out of the dog and kennel fund and are made to farmers whose sheep or other livestock have been killed or injured by dogs. The claims are for the last three months of 1948.

The following claims were approved and payments ordered:

Harley Beal, $60; Frank Fransen, $54; J. F. Glenn, $35; F. L. Norris, $74; S. B. Ray, $25; A. D. Statler, $20; H. H. Wolf, $56; Cliff Wilson, $28; and Waldo E. Crum, $99.

Trustees Seek Ditch Improvement

Trustees of Sharon township have filed a petition with the county commissioners, requesting deepening and straightening of a tributary of the Paramore ditch.

The tributary extends for 5,000 feet in Sharon and Sandusky townships. Commissioners set April 1 for viewing the proposed improvement and April 6 at 10 a. m. for the first hearing, in their offices.

Fonkalsrud Aids Campaign For Educational Funds

Dr. A. O. Fonkalsrud, former superintendent of Mansfield General hospital, has been named a member of the local regional committee of the American College of Hospital Administrators, which is conducting a national campaign to raise $425,000 for a five-year educational program.

Dr. Fonkalsrud has been assigned to a Massillon industry and left yesterday to solicit funds from the Massillon concern.

Among the projects which will be taken up under the proposed education program are:

Development and coordination of an effective program of internships in hospital administration; scholarships for candidates for careers in hospital administration; service research and institutes for administrators and development of new testing methods for selecting administrative candidates.

The American College of Hospital Administrators, organized in 1933, is a non-profit international organization. Headquarters are in Chicago. Miss Jessie Turnbull, superintendent of Elizabeth Steel Magee hospital, Pittsburgh, is the president.

Evidence indicates that the caste system—including Untouchables—were introduced in India by light-skinned conquerors to maintain racial and ruling supremacy over the dark-skinned tribes and other subjects.

Brownies Visit Greenhouse In City

Members of Brownie Troop 65 of Carpenter school visited the Stuhldreher greenhouse Monday afternoon. The girls purchased geranium plants to present to Mansfield shut-ins. They were accompanied by troop leaders, Mrs. James Martin and Mrs. George Hart, and a troop mother, Mrs. Frank Beal.

E. I du Pont de Nemours, friend of Thomas Jefferson, learned to make gun-powder from Lavoisier, chemist and superintendent of the French Government powder works.

Gallico's Most Potent Answer To Attackers Is His Past Writings

PRO-COMMUNIST SCRIVENERS are slinging slime at Paul Gallico—accusing him of bigotry. Such stupidity! Gallico's most potent reply to his detractors are the many eloquent anti-nazi pieces he has written. Remember—there is no more dangerous bigot than a communist—as the current communist war against religion proves.

From a H. Trib sports column: "A loyal follower of the Princeton basketball team was astounded last week when the Tigers upset Yale. He said: 'How did Princeton ever stop Tony Lavelli? Life magazine said it couldn't be done.' " Ho-hum. It it still news when a Luce publication is wrong?

Egad, it's an epidemic. A mag discloses that our dignified - as-a-monocle Sec'y of State Acheson called a legislator a s.o.ob.—without bothering to use initials.

Franco's flunkeys here would have you believe that his critics are communists. Nutz. During the past fortnight, the Spanish Fuehrer had his fangs yanked by the conservative H. Trib and the ditto Satevepost . . . Talk about type casting: A villain in Bob Hope's "The Paleface" is a dead ringer for A. Hitler.

Luce staffers stamp their feet at a columnist who corrected a fluff. But their publication has at least a half-dozen corrections every issue, and they go to press only once a week. . . . Oh those Hollywoodites are terrible: Lassie has had six mates! . . . Fuddy-duddy note: Colyumer A. Krock's description of Truman's epithet: "The leading term of personal opprobrium in the American language."

Headline: "J. Parnell Thomas Back in Hospital." Courtroomatism?

Traitorous French and Italian communist leaders have declared they'd support the Red Army if it marched into their nations. Commenting on those statements, the NY Times editorialist wondered what the position of the American Scummunists would be if the Russian Army set foot on U.S. soil.

★

There's no need for the editorialist to wonder—because here is the answer in black and white: Communist leader William Z. Foster stated several years ago: "No communist, no matter how many votes he should secure in a national election, could even if he would, become President of the present government.

When a communist heads a government of the United States (and that day will come just as surely as the sun rises) the government will not be a capitalistic government, but a Soviet government and behind this government will stand the Red Army to enforce the dictatorship of the proletariat."

Does that make everything clear, Mr. Editorialist?

French communist Thorez scooted to Russia when war broke out. He was tried and convicted of desertion in France. But oddly enough, Thorez was pardoned and allowed to return to France by that nation's arch-foe of communism—DeGaulle.

No Postwar Problems For Them, They Just Eat the Losing Side

By GEORGE TUCKER
(For Hal Boyle)

SOME MEN left their war in the Pacific, but Lanny Ross brought his back as a souvenir.

What made a hit with the navy in 1943 ought to be good for the public in 1949, he reasoned.

So he said to Cecil Abel, the missionary at Kwato, New Guinea:

"Cecil, I'd like to have you on my show some time. That is, if we ever get back."

Cecil Abel is a 46-year-old Anglo-Papuan whose idea of running a mission is unorthodox. He doesn't know what denomination he is supposed to be. His idea of saving souls isn't just teaching the natives to sing hymns on Sunday, and going to church.

"We don't bother about forcing the native belles into civilized sweaters and slacks," he says. "I guess you'd say our job is to straighten out their thinking."

So the war passed, and one day not long ago Cecil Abel came to the United States.

"I suppose you could say some of my dearest friends are cannibals," said Cecil. "A cannibal who doesn't eat you is inexpressibly dear."

"They're still operating?"

"Well, back in the mountains. I remember an old lady they killed in 1940. They offered me a taste. Long pig, they called it. I can tell you, people are mighty good eating.

"Oh, of course, I haven't eaten any myself. But I've eaten lots of Dugong. That's seacow. A chief once told me there was absolutely no difference in the taste of people and Dugong. Maybe Dugong was a little tenderer.

"As for head hunters — a quick way to make a head hunter mad is to call him a cannibal. They only decapitate flesh. They only decapitate you. The cannibals are sort of looked down on by the head hunters."

The Kwato mission was started 60 years ago by Abel's father, who survived head hunters for 40 years and went home to England, only to be killed in an automobile accident.

"I remember my father holding me up when I was a little lad. He was showing me to the cannibals and he cried, "Here's the young man who'll head this mission when I'm gone. You wouldn't eat him would you, if you had the chance?"

A wrinkled old warrior grinned toothlessly and said, "We have the chance."

Abel explained the early code of the true cannibal like this:

"They ate each other for economic reasons. When one tribel fought another tribe, the winners ate the losers. They had very few postwar problems."

The reason Abel came to this country was to get corn and rice seed.

"I went to Iowa and saw their beautiful corn. I thought how lucky I was to find such seed. But they asked me how much rainfall we had. I told them 230 inches. 'Godd gracious', the Iowans cried, 'This seed is only conditioned for 40 inches. You'll have to go to Guatemala'."

Votes to Buy Clear Fork Equipment

Council Acts at Special Session

In a special session last night, city council authorized the purchase of material and equipment at an estimated cost of $150,000 for the filtration plant at the Clear Fork water project.

The special session was called primarily to pass on this legislation so that the equipment, some of which is difficult to secure, could be purchased as quickly as possible.

Another ordinance authorized the city to enter into contract with the State Welfare Deparmen for the use of municipal sewer facilities by the Ohio State reformatory.

The conditions of the agreement follow:

An estimated 40,000 cubic feet of waste daily from Jan. 1, 1949 to July 1, 1949, at the rate of three cents per 100 cubic feet or $2,160. An estimated 60,000 cubic feet of daily waste from July 1, 1949 to Jan. 1, 1950, at the same rate, or $3,242, payable July 1 and Dec. 31, 1949.

Another resolution provided for the sale of a small parcel of land along Bowman street that is not needed for any municipal purpose.

Plans Party For Patrol

The Newman school P-TA made plans for a school boy patrol party to be held March 24, at a meeting last night at the school.

There were 40 members present. The room attendance prize was won by Miss Hildegrade Fensch.

Members voted to send two delegates to the P-TA district conference in Fostoria, March 31, and to buy an eye chart for the nurses' room at the school with the money that was received from the cake walk.

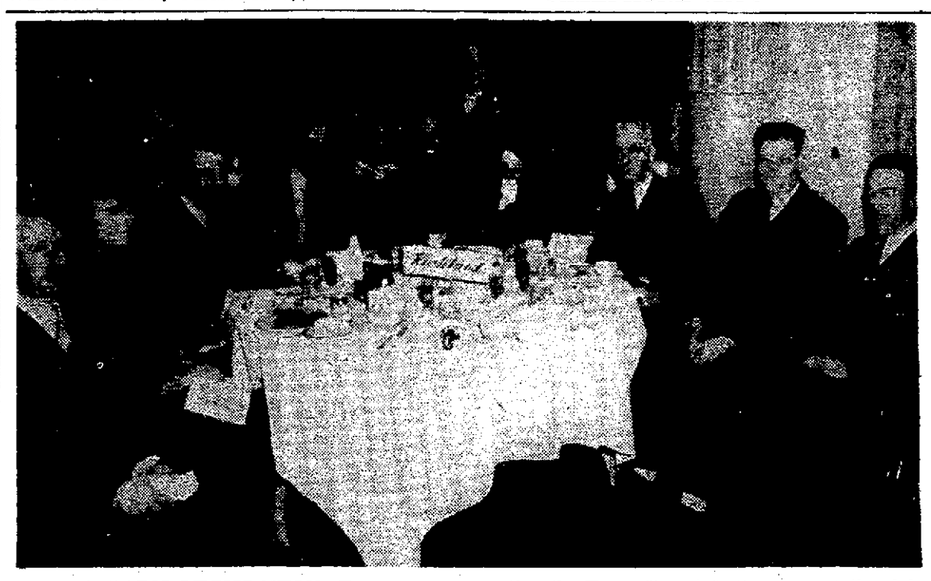
Those on the committee for the patrol party are Mr. and Mrs. Walter McEvoy, Mr. and Mrs. A. R. Patton, Mr. and Mrs. Carl Weber, Mr. and Mrs. Steve Ganea, and Mr. and Mrs. Charles Lewis.

Mrs. Russell Gimbel of Friendly House showed movies of Hidden Hollow camp. The club also expressed appreciation to the Girl Scout troop of the school which has been baby sitting so that members can attend the P-TA meetings.

$12 In Cash, Pistol Taken From House

The 12th burglary of Mansfield homes and business places so far this month was marked up on police records last night when Robert Wentz, 196 Buckingham street, reported to police that his home was entered Monday and $11 in cash and a .22 calibre pistol were taken.

Officers said the burglary was the eighth reported since Saturday. Wentz told officers his home was left unlocked and that he had noticed small items missing from the house on other occasions.



DISCUSS FARM LEGISLATION—Farmers representing the Farm Bureau's "grass roots" neighborhood councils from Richland county met in Columbus yesterday, along with delegates from 12 other northcentral Ohio counties to discuss impending state legislation relative to farmers with Ohio legislators. Shown here is the county delegation, including, left to right, Max McFarland, Mansfield, R. D. 5; Mrs. Rollo Farrell, Mansfield, R. D. 1; C. F. Will, Shelby, R. D. 2; John Steel, Bellville; C. R. Mengert, chairman of the Richland county Farm Bureau legislative committee, Lucas, R. D. 1; C. L. Mitchell, Mansfield, Richland county representative to the general assembly; Paul L. White, Mansfield, Farm Bureau organizer for Richland county, and Bryan Garber, Belle, R. D. 1.

'Red-Headed' Meters Installed In City

Appearing on Mansfield's streets today will be a few red-headed parking meters placed in busy zones for 12-minute parking.

The meters, which originally were gold-topped, have been overhauled by the police department and painted a brilliant red by the fire department.

Eighteen of the new meters will be on the streets by tomorrow, and the remainder of the 36 will be overhauled and repainted the first of next week.

The 12-minute parking meters were placed at the corners of most streets where meters are used as an experiment, Frend Boals, traffic commissioner, said. They proved highly successful, he said, but the gold color was unsatisfactory.

Name plates also have been secured to be placed on the meters and all of the numbers after 12 have been blacked out on the face of the clock.

The brilliant red meters will be easy to see, Boals said. If a motorist wants to park more than 12 minutes he shouldn't park at these meters, the commissioner added.

Keeps Health Board Post

Dr. Carl B. Stanley, of Bellville, was re-appointed for a five-year period as a member of the Richland county Board of Health at the annual district advisory meeting held in the city building yesterday.

In attendance were mayors of the villages and chairman of the township trustees in Richland county.

Harry Orewiler of Sharon township was re-elected chairman of the advisory board and Mayor Dory Swank of Butler, was selected as secretary.

Dr. Harry Wain gave the annual report and a general discussion of the department followed.

District Chemists Meet In Wooster

Members of the Wooster section, American Chemical society, will attend a dinner meeting at the Ohio hotel, Wooster, at 6:30 p. m. next Tuesday.

Philip Sadtler, president of Samuel P. Sadtler and Son, Inc., consulting chemists of Wooster, will speak on "The Chemist Discovers Infra-Red." He will discuss the use of infra-red spectro-photometry as a tool in research and control analyses.

Deputies Cite 2 Men; Non-Support Charged

Two men were apprehended by sheriff's deputies yesterday on warrants issued in other counties, charging non-support.

The two were identified by deputies as Gustav Diehm, 26, of 301 Muth road, held on a warrant from Knox county, and Howard Thrush, 35, of 511 Grant street, held for Lucas county authorities.

Choirs Sing Tonight

"Prelude to Spring," a concert by the combined choirs of Senior high school, will be presented today at 8:15 p. m. It was reported incorrectly yesterday that the program would be at 12:40 p. m. today.

The song fest, under the direction of A. LeMoine Derr, will be held in the Senior high auditorium.

Proceeds from the sale of tickets will be used to defray the cost of sending the choirs to Lima and Lorain on March 25 and May 6, respectively, to present concerts to students of those schools.

Lima pupils will sing at Senior high Friday and the choirs from Lorain are coming April 29 to give similar concerts for Mansfield students.

Tonight's program includes semi-classical, popular, and folk songs. The choir's selections include "Agnus Dei," by Morley, and "God of My Life," a Russian folk song.

"Clancy Lowered the Boom" and "Powder Your Face With a Smile" will be sung by a trio; an accordion duet will be "Dark Town Strutters' Ball"; and the choir will conclude with various Fred Waring arrangements and "Oklahoma."

Mansfield Woman's Brother Stricken

Funeral services and burial for John A. Casner, 69, of Richmond, Vt., brother of Mrs. John Watts of 114 Harker street, were held at Richmond yesterday. Mr. Casner died Sunday after a lingering illness.

Mr. Casner spend his early life in New Haven and was a postal worker at Cleveland prior to moving to Vermont.

In addition to his sister here, he is survived by another sister, Mrs. William Skinner of New Haven; and niece, Mrs. Ralph Peat of Mansfield.

Recruiting Staff Pared

30 Per Cent Cut Seen In Mansfield

Mansfield's Army recruiting station will get about a 30 per cent cut in personnel when its status is changed to a substation soon, Capt. R. L. Pine, the station's commanding officer, said today.

The staff is now composed of 15 enlisted men, four officers, one WAC, one warrant officer, and two civilians.

The station is one of five in the state being reduced from main to sub recruiting stations. No definite information has been received of the disposition of the Mansfield personnel, but Capt. Pine reported that M/Sgt. Charles Bates would remain at the station and that he, (Capt. Pine) would be transferred.

There will be no officer in charge of the converted office. Inductees will be sent to one of the seven remaining main stations in the state for processing.

School Heads Initiated

Paul Smith, principal of Lincoln Heights school, and Hobart Robinson, Prospect school principal, were initiated last night by Sigma chapter of Phi Delta Kappa at Ohio State university in Columbus. This is an honorary fraternity open by invitation to men in education.

Initiation ceremonies were held at the University school, and were followed by a program devoted to educational problems in Ohio. Initiations are conducted each quarter by the chapter. Phi Delta Kappa is a national organization made up of men interested in bringing about advancements in the field of education.

Appleseed Hi-Y Club Organized

The Johnny Appleseed Junior Hi-Y club held its first meeting last night at the "Y," with Gene Bradley as adviser.

Twenty-one members were present as the club officially organized.

Officers elected included: Joe Diemer, president; Arlen Bonecutter, vice-president; Jack Allen, secretary, and Wesley Sprang, treasurer.

HEAD STUDENTS

Two Mansfield young people, students at Hiram college, have been honored with election to two of the highest offices in the student body. John E. White, son of Mrs. and Mrs. E. J. White, 105 Bowers avenue, was elected student president by a vote of almost two to one over his opponent. Marilyn R. Miller, daughter of Mr. and Mrs. Ira Miller, 302 Herman avenue, was elected secretary. Both will serve for one year, beginning April 1. The election was conducted like a traditional American election campaign, with the candidates presenting platforms and making speeches prior to election.

CAN'T FIND HIM

Sheriff E. P. Long will have a part in strengthening international understanding if he can find the address of Fred Dewelse. Long received a letter from Germany in which the writer, Lothar Krueger, says she found Dewelse's address in a mail sack. The paper on which the address was written asked the finder to write Dewelse. Frau Krueger wrote to the 202 North Mulberry street address, but Dewelse wasn't there. Frau Kreuger asks the sheriff to find him because "it is a move toward understanding between our peoples." Sheriff Long thinks the German woman may have the wrong name for the Mansfielder.

Vehicle Runs Over Motorist

Loudonville Doctor Injured

A Crestline man was killed and a Loudonville physician was injured in separate one-car accidents early today in the Mansfield area.

Walter B. Watrous, 45, of 372 North Pearl street, Crestline, died as a result of injuries suffered when his car ran over him after he was thrown out of the vehicle. State highway patrolmen of the Marion station, who investigated, said the accident occurred at 12:08 a. m. four and three-tenth miles west of Crestline.

Dr. Carl Stein, 41, of North Market street, Loudonville, suffered contusions of the chest at 7:30 a. m. today when his car skidded into a bridge nine miles southeast of Lucas.

Marion patrolmen said Mr. Watrous apparently lost control of his car on a curve and that he was thrown out the door by the swerving car. His body was found approximately five minutes later by a passing motorist.

Born in Columbus, July 28, 1903, Mr. Watrous had been a resident of Crestline for 19 years. He was employed by the Pennsylvania railroad for 30 years and at the time of his death was foreman and stock man in the railroad roundhouse at Crestline.

ACTIVE MASON

A prominent Mason, he was a member of Arcana Lodge No. 272, F. and A. M., Royal Arch Masons of Crestline; the Bucyrus, Galion and Mansfield Scottish Rite lodges, the Columbus Consistory, the Shrine, Knights Templar of Mansfield and was high priest of Naomi White Shrine No. 11 of Mansfield, and the Harmony chapter, OES, No. 43 of Crestline.

Mr. Watrous also was a member of the Knights of Pythias of Crestline, the Elks lodge at Galion and the Mutual Railroad Benefit association of Crestline. He was a member of the Crestline First English Lutheran church.

Surviving are his wife, Eva Morgan Watrous; two sons, William and Charles; one daughter, Miss Donna Watrous, and one granddaughter, all of Crestline; his mother, Mrs. Charles Watrous; one brother, Melvin, and one sister, Mrs. Wilson Rachle, all of Columbus.

Funeral services will be held at 11 a. m. Friday at the Beck funeral home in Crestline, after which the body will be removed to the Denton, Donaldson and Kuhn funeral home in Columbus for services at 2 p. m. Saturday. Rev. S. A. Metzger, pastor of the Crestline Lutheran church, will officiate for both services. Burial will be in Memorial Park cemetery in Columbus.

Dr. Stein, brought to General hospital by a passing motorist, was reported in "good" condition at noon. Extent of his injuries was being determined by X-ray.

Underwriters To Meet Here

The Mansfield-Ashland Life Underwriters association will hold its 1949 sales congress at the Sky Club restaurant at 6:30 p.m. Thursday.

Speakers will be Daniel F. Casasanta, of the Metropolitan Life Insurance company, Springfield; Charles Hais of the John Hancock Mutual Life Insurance company, and John Michaels, of the Phoenix Mutual Life Insurance company, both of Cincinnati.

Purpose of the sales congress is to discuss common problems and exchange ideas and plans for promoting business.

Life insurance underwriters from Richland, Ashland, Crawford, Morrow, and Wayne counties will attend the meeting.

Second Tithing, World Peace Conference Meeting Planned

Dr. J. Campbell White, who presided at a meeting of all church worshippers interested in tithing and world peace at the First Christian church last night, announced today the group plans to meet again in a few weeks for another conference.

Dr. White is executive chairman of the Ohio committee on the "Christ for the World" movement.

Representatives of Mansfield churches who attended the meeting heard brief talks by church men and women and Mansfield pastors.

Rev. James E. Davey, pastor of the Grace Gospel church, told the group his church gave $22,000 to foreign missions this year. This is an average of more than $60 each for the 325 members of the church. The church supports missionary work in 20 countries.

Lowell Bourns, of the First Presbyterian church, spoke on the proportion of church gifts that might be sent abroad. He said one-fourth of the total gifts was not too much for this purpose.

A representative of the First Congregational church, Roger Gray, told the group they should give time as well as money to agencies doing Christian work abroad.

A question and answer period followed the talks.

The meeting was a follow-up of the missionary conference held here two years ago and one of a series of similar meetings to be held in many Ohio cities.
